Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**
- o **Adjustments of Special Note**
 - The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
 - The following equipment: Steel Wheels, does not have a manufacture cost associated with it; the adjustment was determined by using the average cost by vehicle year and category.
 - An odometer adjustment of 2.00 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
 - Typical miles for this 2010 Toyota Camry in Alabama is 130,473.
 - All values are in U.S. dollars.
- o **Autosource Valuation Process**
 - Over 5,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
 - The originating search area for this valuation was Mobile, Alabama.
 -
- o **Other Adjustments or Comments**
 - The tax was calculated based on a date of loss of 06/07/2018 using zip 36606, in Mobile, Mobile County, Alabama. The city may vary from search area to reflect correct tax location.
- o **Conditioning Notes**
 - **INTERIOR**
 - o **Seats:** Slight stains. Slight wear.
 - o **Carpets:** Slight stains. Light fading.
 - o **Int Trim:** Slight discoloration or wear. Slight scuffs or scratches.
 - o **Glass:** No obvious damage.
 - o **Headliner:** Soiling removable with cleaning.
 - **EXTERIOR**
 - o **Body:** Noticeable or multiple parking lot dings.
 - o **Paint:** Numerous small chips. Discoloration that can be polished out.
 - o **Ext Trim:** Slight scratches to chrome or bumper covers.
 - **MECHANICAL**

- **Engine:** Belts or accessories show slight wear or corrosion.
- **Transmission:** Recommended maintenance may not have been performed.
- **TIRES**
 - **Front Tires:** 30-79% of tread remains.
 - **Rear Tires:** 30-79% of tread remains.

Market Overview

? What is my Vehicle Market Value based on?

366062026, Mobile Alabama--Research for your vehicle was based on market analysis originating from your zip code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 2.00 cents per mile specific to the 2010 Toyota Camry LE 4D Sedan in the state of Alabama. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

1 2010 Toyota Camry Base 4D Sedan

4T1BF3EK0AU062233

\$7,587

Stock# 10043. 119390 Miles. 4 Cylinder 2.5 Engine, 6-Speed Automatic, Anti-Lock Brakes, Air Conditioning, Auto Headlamp Control, Alarm System, Bucket Seats, Cruise Control, AM/FM CD Player, Center Console, Dual Airbags, Rear Window Defroster, Driver Knee Airbag, Daytime Running Lights, Digital Signal Processor, Head Airbags, Halogen Headlights, Intermittent Wipers, Lighted Entry System, MP3 Decoder, Overhead Console, Power Brakes, Power Door Locks, Power Mirrors, Privacy Glass, Power Steering, Power Windows, Rem Trunk-L/Gate Release, Side Airbags, Stability Cntrl Suspensn, Split Folding Rear Seat, Steel Wheels, Strg Wheel Radio Control, Tachometer, Traction Control System, Theft Deterrent System, Tinted Glass, Tilt & Telescopic Steer, Velour/Cloth Seats, XM Satellite Radio.

Offered for sale by Dealer in Pensacola, FL, (850) 471-8040. Vehicle information by Vast on 04/01/18.

The advertised price of \$7,894 was adjusted to account for differences in vehicle description (\$325) and typical negotiation.

2 2010 Toyota Camry SE 4D Sedan**4T1BF3EK0AU020970****\$8,915**

Stock# 20970. 82225 Miles. 4 Cylinder 2.5 Engine, 6-Speed Automatic, Anti-Lock Brakes, Air Conditioning, Alarm System, Aluminum/Alloy Wheels, Bucket Seats, Cruise Control, AM/FM CD Player, Center Console, Dual Airbags, Rear Window Defroster, Digital Signal Processor, Power Drivers Seat, Fog Lights, Head Airbags, Intermittent Wipers, Keyless Entry System, Lighted Entry System, Leather Steering Wheel, MP3 Decoder, Overhead Console, Power Brakes, Power Door Locks, Power Mirrors, Power Moonroof, Power Steering, Power Windows, Rem Trunk-L/Gate Release, Side Airbags, Stability Cntrl Suspensn, Split Folding Rear Seat, Sirius Satellite Radio, Sport Suspension, Strg Wheel Radio Control, Tachometer, Theft Deterrent System, Tinted Glass, Tire Pressure Monitor, Tilt & Telescopic Steer, Velour/Cloth Seats, Child Safety Locks, Power Outlet.

Offered for sale by Berryland Motors in Ponchatoula, LA, (985) 370-7000. Vehicle information by Vast on 05/27/18.

The advertised price of \$9,995 was adjusted to account for differences in vehicle description (\$ -380) and typical negotiation.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 6 recall bulletins that may apply to this vehicle.

NHTSA ID Number	09V388000
Date Issued	10/05/09
Quantity Affected	4,445,056
Defect	<p>Toyota is recalling certain model year 2004-2010 passenger vehicles. The accelerator pedal can get stuck in the wide open position due to its being trapped by an unsecured or incompatible driver's floor mat.</p> <p>A stuck open accelerator pedal may result in very high vehicle speeds and make it difficult to stop the vehicle, which could cause a crash, serious injury or death.</p>
Remedy	<p>Toyota filed an amended defect report on November 25, 2009, stating that dealers will modify the accelerator pedal and, on certain vehicles, alter the shape of the floor surface under the pedal. These changes address the risk of pedal entrapment due to interference with the floor mat. Redesigned accelerator pedals will become available beginning in April 2010 and dealers will replace any modified pedal with the new pedal if desired. Also, dealers will replace any Genuine Toyota or Lexus all-weather floor mats with redesigned all-weather mats, or repurchase the previous mats from owners who do not want the new ones. Additionally, software modifications will be installed on camry, avalon and Lexus es 350, is 350 and is 250 models that will ensure that the brake overrides the accelerator in the event both brake and accelerator pedals are applied. Toyota will begin mailing letters to owners on December 31, 2009. Owners may contact Toyota at 1-800-331-4331, Lexus at 1-800-255-3987.</p>
NHTSA ID Number	10V017000
Date Issued	01/21/10
Quantity Affected	2,230,661
Defect	<p>Toyota is recalling certain model year 2005-2010 avalon, model year 2007-2010 camry, model year 2009-2010 corolla, corolla matrix, rav4, model year 2010 highlander, model year 2008-2010 sequoia, and model year 2007-2010 tundra vehicles. Due to the manner in which the friction lever interacts with the sliding surface of the accelerator pedal inside the pedal sensor assembly, the sliding surface of the lever may become smooth during vehicle operation. In this condition, if condensation occurs on the surface, as may occur from heater operation (without a/c) when the pedal assembly is cold, the friction when the accelerator pedal is operated may increase, which may result in the accelerator pedal becoming harder to depress, slower to return, or, in the worst case, mechanically stuck in a partially depressed position.</p> <p>The accelerator pedal may become hard to depress, slow to return to idle, or, in the worst case, mechanically stuck in a partially depressed position, increasing the risk of a crash.</p>
Remedy	<p>Dealers will install a reinforcement bar in the accelerator pedal which will allow the pedal to operate smoothly. Gm will notify owners for the Pontiac vibe please see 10v-018. This service will be performed free of charge. The safety recall is expected to begin on February 5, 2010 and will be completed on March 15, 2010. Owners may contact Toyota at 1-800-331-4331.</p>
NHTSA ID Number	10V040000
Date Issued	02/09/10
Quantity Affected	7,314
Defect	<p>Toyota is recalling certain model year 2010 camrys. The length of the power steering pressure hose on vehicles equipped with the 4-cylinder (2ar-fe) engine may be insufficient, such that the gap between the crimp on the pressure hose and the brake tube for the left rear brake may be insufficient. Under these circumstances the brake tube may interfere with the crimp and may wear and then perforate.</p> <p>A brake tube perforation may result in brake fluid leakage. A leak in brake fluid may impact braking performance increasing the risk of a crash.</p>
Remedy	<p>Toyota will notify owners and, if necessary, dealers will replace or adjust the brake tube free of charge. The safety recall began on March 4, 2010. Owners may contact Toyota at 1-800-331-4331.</p>
NHTSA ID Number	13V014000

Date Issued	01/16/13
Quantity Affected	3,235
Defect	<p>Southeast Toyota Distributors, LLC (SET) is recalling certain models interspersed through model years 2009 through 2013 as follows: model year 2009-2012 Tacoma, 4Runner, Camry, Camry Hybrid, Prius, and RAV4; model year 2009-2010 Avalon, FJ Cruiser, and Highlander Hybrid; model year 2010-2013 model year Corolla, Sienna and Tundra; model year 2009-2013 Highlander and Venza; model year 2012 Prius V; and model year 2010-2012 Sequoia. During modification by SET to include accessories such as leather seat covers, seat heaters or headrest DVD systems, these vehicles may not have had the passenger seat occupant sensing system calibration tested. Without passing the calibration test, the occupant sensing system may not operate as designed.</p> <p>If the front passenger seat occupant sensing system is out of calibration, the front passenger airbags may not deploy or they may deploy inappropriately for the passenger's size and position. This could increase the risk of personal injury during the event of a vehicle crash necessitating airbag deployment.</p>
Remedy	Southeast Toyota will notify owners, and dealers will test the sensitivity of the occupant detection sensors, and recalibrate them as necessary. The recall began on March 21, 2013. Owners may contact Southeast Toyota at 1-800-301-6859.
NHTSA ID Number	13V123000
Date Issued	04/09/13
Quantity Affected	7,525
Defect	<p>Southeast Toyota is recalling certain model year 2008 and 2010-2013 Toyota Tundra, 2010-2012 Rav4, 2012 Toyota Sequoia, 2010-2011 Toyota Corolla, 2010-2011 Toyota Camry and Camry Hybrid, 2010-2013 Toyota Highlander and Highlander Hybrid, 2010-2013 Toyota FJ Cruiser, 2011 Toyota Land Cruiser, 2010-2013 Toyota Venza, 2010-2011 Toyota 4Runner, 2010-2013 Toyota Tacoma, 2011-2012 Toyota Sienna, 2012 Toyota Prius, 2013 Scion FR-S, 2011 Scion XD, 2011 Scion XB, and 2012 Scion TC vehicles. These vehicles were sold with labels that were outside the allowable one percent of accuracy of actual weight added. Thus, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) Number 110, "Tire Selection and Rims."</p> <p>An inaccurate label could lead to owners overloading their vehicles and tires. An overloaded vehicle can result in a tire failure which may result in a vehicle crash, personal injury, or property damage.</p>
Remedy	Southeast Toyota will notify owners and provide a corrected label with instructions concerning its installation. A small group of the affected vehicles will need additional remedies which are still being developed. The recall began on May 28, 2013. Owners may contact Southeast Toyota at 1-800-301-6859.
NHTSA ID Number	16V396000
Date Issued	06/02/16
Quantity Affected	7,749
Defect	<p>Southeast Toyota Distributors, LLC (SET) is recalling certain 2005-2011 4Runner, Highlander, Sequoia, and Sienna, 2005-2010 Avalon and Tundra, 2006-2008 Camry Solara, 2006-2010 Highlander hybrid, 2006-2011 Rav4 and Tacoma, 2007-2010 FJ Cruiser, 2007-2011 Camry hybrid, 2009-2010 Venza, 2010-2012 Prius, 1988-1990 and 2005-2010 Camry, and 1989 and 2009-2010 Corolla vehicles equipped with aftermarket accessory seat heaters with a copper strand heating element. The electrical wiring in the seat heaters may be damaged when the seat cushion is compressed.</p> <p>If damaged, the copper strand heating element may short circuit, increasing the risk of a fire.</p>
Remedy	SET will notify owners, and dealers will disconnect the seat heaters, free of charge, and refund the purchase price of the seat heater accessory. The recall began on July 14, 2016. Owners may contact SET customer service at 1-866-405-4226. SET number for this recall is SET16B.

This valuation was processed using our Multiple Comparable valuation methodology.

The market area identified has multiple tax jurisdictions. Autosource was unable to identify which county or city was applicable to the total loss vehicle. Upon verification of the correct amount, you will need to select the tax from the possibilities shown below.

County	City	State	Rate	Tax
Searcy	Marshall	AR	0.0000%	\$0.00
Searcy		AR	0.0000%	\$0.00
Stone		AR	0.0000%	\$0.00

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**
- o **Adjustments of Special Note**
 - The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
 - The following equipment: Aluminum/Alloy Wheels, does not have a manufacture cost associated with it; the adjustment was determined by using the average cost by vehicle year and category.
 - An odometer adjustment of 5.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
 - Typical miles for this 2018 Kia Soul in Arkansas is 47,343.
 - All values are in U.S. dollars.
- o **Autosource Valuation Process**
 - Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
 - The originating search area for this valuation was Marshall, Arkansas.
 -
- o **Other Adjustments or Comments**
 - This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
 - The market area identified has multiple tax jurisdictions. Autosource was unable to identify which county or city was applicable to the total loss vehicle. Upon verification of the correct amount, you will need to select the tax from the possibilities shown below.

Market Overview

? What is my Vehicle Market Value based on?

72650, Marshall Arkansas--Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- o **Odometer**
 - Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
 - The odometer adjustment is based on 5.50 cents per mile specific to the 2018 Kia Soul Plus 4D Hatchback in the state of Arkansas. Odometer adjustments are capped at 40% of the vehicle's starting value.
- o **Equipment**
 - Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
 - Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation
- o **Condition**
 - Typical condition is based on hundreds of inspected vehicles
 - Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**

- o **Adjustments of Special Note**

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
- An odometer adjustment of 1.00 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2005 GMC Envoy in Delaware is 148,044.
- No special adjustments were made for this vehicle.

- All values are in U.S. dollars.

o **Autosource Valuation Process**

- Over 9,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Middletown, Delaware.
- The value of the Package adjustments displayed include only those items that cannot be purchased individually. Other equipment items included in the package that can be purchased separately are adjusted with the vehicle equipment, and these adjustments are noted by the applicable options.

Market Overview

What is my Vehicle Market Value based on?

19709, Middletown Delaware--Research for your vehicle was based on market analysis originating from your zip code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 1.00 cents per mile specific to the 2005 GMC Envoy SLT 4WD 4D Wagon in the state of Delaware. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

1 2005 GMC Envoy SLE 4WD 4D Wagon	1GKDT13S552198876	\$6,020
--	--------------------------	----------------

Stock# 198876. 114912 Miles. 6 Cylinder 4.2 Engine, 4 Speed Automatic, Enhanced Package, SLE Package, Anti-Lock Brakes, Air Conditioning, Automatic Dimming Mirror, Auto Locking Hubs (4WD), Alarm System, Aluminum/Alloy Wheels, Cruise Control, AM/FM CD Player, Center Console, Dual Airbags, Rear Window Defroster, Heated Power Mirrors, Dual Zone Auto A/C, Power Drivers Seat, Electronic Transfer Case, Fog Lights, Garage Door Opener, Intermittent Wipers, Keyless Entry System, Lighted Entry System, Leather Steering Wheel, Leather Seats, Overhead Console, OnStar System, Power Brakes, Power Door Locks, Power Moonroof, Privacy Glass, Power Steering, Power Windows, Roof/Luggage Rack, Roof Rack Cross Bars, Rem Trunk-L/Gate Release, Rear Window Wiper/Washer, Split Folding Rear Seat, Tachometer, Tinted Glass, Camper/Towing Package, Trailer Hitch, Tilt Steering Wheel, REAR PRIVACY GLASS, Signal Mirrors.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 2 recall bulletins that may apply to this vehicle.

NHTSA ID Number 05V035000

Date Issued 02/03/05

Quantity Affected 17,815

Defect Certain sport utility vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard No. 212, 'windshield mounting.' the windshield urethane bead may not have adhered to the body in certain areas during the cure process.

If a crash occurs, the windshield may not be retained, increasing the risk of injury to a vehicle occupant.

Remedy Dealers will replace the windshield free of charge. The recall began on March 10, 2005. Owners may contact Buick at 1-866-608-8080, Chevrolet at 1-800-630-2438, or GMC at 1-866-996-9463.

NHTSA ID Number 06V417000

Date Issued 10/31/06

Quantity Affected 794

Defect Certain vehicles originally built with cloth seats that were equipped with an automatic air bag passenger sensing system and later reupholstered with aftermarket leather seat cover kits are involved. Testing has indicated that the aftermarket leather seat covers can cause the passenger sensing system to malfunction.

If the passenger sensing system malfunctions, the front air bag on the passenger side may be disabled when it should be enabled, or enabled when it should be disabled. In either case, in the

event of a crash that requires air bag deployment, a front passenger's level of injury may be increased.

Remedy Because a replacement leather seat cover that is compatible with the passenger sensing system is not available, general motors (gm) will repurchase these vehicles in accordance with the terms stated in gm's letter to owners. The recall began on November 6, 2006. Owners should contact gm at 1-877-477-1022 to begin the process of repurchasing their vehicle.

Market Overview

What is my Vehicle Market Value based on?

34609, Spring Hill Florida--Research for your vehicle was based on market analysis originating from your zip code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 1.00 cents per mile specific to the 2003 Kia Sorento EX 4WD 4D Wagon in the state of Florida. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles

- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

1 2003 Kia Sorento EX 4WD 4D Wagon	KNDJC733535141342	\$4,226

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**

- o **Adjustments of Special Note**

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
- An odometer adjustment of 1.00 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2003 Kia Sorento in Florida is 155,298.
- No special adjustments were made for this vehicle.
- All values are in U.S. dollars.

- o **Autosource Valuation Process**

- Over 5,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Spring Hill, Florida.
- The market area expansion was authorized by Autosource Guidelines.
-

- o **Other Adjustments or Comments**

- This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
- The market area identified has multiple tax jurisdictions. Autosource was unable to identify which county or city was applicable to the total loss vehicle. Upon verification of the correct amount, you will need to select the tax from the possibilities shown below.

This valuation was processed using our Multiple Comparable valuation methodology.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**

- o **Adjustments of Special Note**

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
- An odometer adjustment of 3.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2015 Mercedes-Benz CLA250 in Georgia is 85,098.
- No special adjustments were made for this vehicle.
- All values are in U.S. dollars.

- o **Autosource Valuation Process**

- Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Augusta, Georgia.
- The market area was automatically expanded in order to provide sufficient replacement vehicle data in accordance with the procedures established for your office.
- This vehicle was previously valued by Autosource. If this vehicle was valued by another company for the same loss, any differences in value are due to the differences in the reporting of the loss vehicle information, market area or methodology. If this was valued for a different loss date, differences in value would be due to the differences in the time frame.
- The value of the Package adjustments displayed include only those items that cannot be purchased individually. Other equipment items included in the package that can be purchased separately are adjusted with the vehicle equipment, and these adjustments are noted by the applicable options.
-

- o **Other Adjustments or Comments**

- There is no tax for the given zip code of 30907.

- o **Conditioning Notes**

- **INTERIOR**

- o **Seats:** NO DEFECTS NOTICED
- o **Carpets:** NO DEFECTS NOTICED
- o **Int Trim:** NO DEFECTS NOTICED
- o **Glass:** MINOR PITING
- o **Headliner:** CLEAN

- **EXTERIOR**

- o **Body:** MINOR DINGS DENTS
- o **Paint:** SCRATCHES

- **TIRES**

- o **Front Tires:** 5/32
- o **Rear Tires:** 9/32

Market Overview**What is my Vehicle Market Value based on?**

30907, Augusta Georgia—Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them—local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- **Odometer**
 - Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
 - The odometer adjustment is based on 3.50 cents per mile specific to the 2015 Mercedes-Benz CLA250 STD Turbo 4D Sedan in the state of Georgia. Odometer adjustments are capped at 40% of the vehicle's starting value.
- **Equipment**
 - Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
 - Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation
- **Condition**
 - Typical condition is based on hundreds of inspected vehicles
 - Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 4 recall bulletins that may apply to this vehicle.

NHTSA ID Number 15V662000

Date Issued 10/16/15

Quantity Affected 857

Defect Mercedes-Benz USA, LLC (Mercedes-Benz) is recalling certain model year 2015 CLA250, CLA250 4Matic, GLA250, GLA250 4Matic, and 2016 SLK300 roadster vehicles manufactured July 17, 2015, to August 31, 2015. The affected vehicles have intake or exhaust camshafts whose welds may fail and possibly cause engine damage.

Engine damage may result in a stall, increasing the risk of a crash.

Remedy Mercedes-Benz will notify owners, and dealers will replace the affected camshafts, free of charge. Interim notices were mailed to owners on December 9, 2015. The recall began on December 23, 2015. Owners may contact Mercedes-Benz customer service at 1-800-367-6372. Mercedes-Benz's number for this recall is 2015100006.

NHTSA ID Number 17V114000

Date Issued 02/23/17

Quantity Affected 307,629

Defect Mercedes-Benz USA, LLC. (MBUSA) is recalling certain 2015-2017 C300 4Matic, C300, CLA250, CLA250 4Matic and CLA45 AMG vehicles, 2017 C300 4Matic Cabrio, C300 4Matic Coupe, C300 Cabrio, C300 Coupe, E300, E300 4Matic, E400 4Matic Wagon, E43 AMG 4Matic, GLA250, GLA250 4Matic and GLC300 4Matic Coupe vehicles and 2016 C350e and GLC300 vehicles and 2016-2017 C450 4Matic AMG Sport and GLC300 4Matic vehicles. In the event that the engine or transmission cannot turn over, the starting current limiter may overheat from the repeated attempts of the starter motor attempting to start the vehicle.

If the starting current limiter overheats, the surrounding components can melt, increasing the risk of a fire.

Remedy MBUSA will notify owners, and dealers will install an additional fuse in the electrical line to the starter, free of charge. Parts to remedy the vehicles are not currently available. Owners will be notified of the recall beginning in late March 2017. Owners will be mailed a follow up notice when remedy parts are available, currently expected to be in July 2017. Owners may contact MBUSA customer service at 1-800-367-6372.

NHTSA ID Number 17V627000

Date Issued 10/06/17

Quantity Affected 495,290

Defect Mercedes-Benz USA, LLC. (MBUSA) is recalling these vehicles: 2014-2018 CLA250, CLA250 4Matic, CLA45 AMG 4Matic, 2015-2018 GLA250, GLA250 4Matic, GLA45 AMG 4Matic, C300 4Matic, C63S AMG, 2012-2014 C250, C350, C300 4Matic, E550 4Matic, 2013-2014 C63 AMG, 2012-2015 C250 Coupe, C350 Coupe, C63 AMG Coupe, 2013-2015 C350 4Matic Coupe, GLK250 4Matic BlueTec, GLK350, GLK350 4Matic, 2016-2017 C350e, C43 AMG, 2015 C400

Report Date 02/12/21

2015 Mercedes-Benz GLA250 STD Turbo 4D Sedan

4Matic, 2016-2018 C63 AMG, GLC300, GLC300 4Matic, 2017-2018 C300 Coupe, C300 4Matic Coupe, C43 AMG, C63 AMG Coupe, C63S AMG Coupe, C300 Cabriolet, C300 4Matic Cabriolet, C43 AMG Cabriolet, C63 AMG Cabriolet, C63S AMG Cabriolet, GLC300 4Matic Coupe, GLC43 AMG, GLC43 AMG Coupe, 2014 E350 Coupe, E350 4Matic Coupe, E350 Cabriolet, E400 Hybrid, 2015-2017 E400 Coupe, E400 4Matic Coupe, E400 Cabriolet, 2014-2017 E550 Coupe, E550 Cabriolet, B250e, 2014-2016 E250 BlueTec, E63 AMG 4Matic Wagon, 2012-2013 E350 BlueTec, 2012-2016 E350, E350 4Matic, 2015-2016 E400, E400 4Matic, 2012 E63 AMG, 2014-2015 E250 4Matic BlueTec, 2013-2016 E350 Wagon, 2017 GLC300d 4Matic, and 2018 GLC350e 4Matic. The driver's air bag may unexpectedly deploy due to insufficient grounding of the steering components if an electrostatic discharge occurs and the air bag clockspring is broken.

Remedy MBUSA will notify owners, and dealers will add sufficient grounding to the steering components, free of charge. The recall is expected to begin in December 2017. Owners may contact MBUSA customer service at 1-877-496-3691.

NHTSA ID Number 19V787000

Date Issued 11/01/19

Quantity Affected 24,226

Defect Mercedes-Benz USA, LLC. (MBUSA) is recalling certain 2013-2017 vehicles due to a software fault that may cause the date and time for the emergency call system (eCall) to differ from the actual date and time, potentially relaying an inaccurate vehicle location. For a full list of the affected models visit: <https://static.nhtsa.gov/odi/rcr/2019/RMISC-19V787-4620.pdf>

Remedy MBUSA has initiated an Over the Air (OTA) remote update. MBUSA will also notify owners, and dealers will check software for a successful OTA or update the communication module software as needed, free of charge. The recall is expected to begin December 31, 2019. Owners may contact MBUSA customer service at 1-800-367-6372.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**
- o **Adjustments of Special Note**
 - The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
 - The following equipment: 16 Inch Alloy Wheels, does not have a manufacture cost associated with it; the adjustment was determined by using the average cost by vehicle year and category.
 - An odometer adjustment of 6.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
 - Typical miles for this 2017 Volkswagen Jetta in Hawaii is 28,246.
 - All values are in U.S. dollars.
- o **Autosource Valuation Process**
 - Over 9,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
 - The originating search area for this valuation was Waianae, Hawaii.
 - The market area expansion was authorized by Autosource Guidelines.
 -
- o **Other Adjustments or Comments**
 - This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
 - The tax was calculated based on a date of loss of 01/22/2019 using zip 96792-3906, in Hawaii. The city may vary from search area to reflect correct tax location.
- o **Conditioning Notes**
 - **INTERIOR**
 - **Seats:** No obvious damage.
 - **Carpets:** No obvious damage.
 - **Int Trim:** No obvious damage.
 - **Glass:** No obvious damage.
 - **Headliner:** No damage.
 - **EXTERIOR**
 - **Body:** No visible damage.
 - **Paint:** No obvious damage.
 - **Ext Trim:** No damage.
- o **Correction Notes**
 - **Version 2**
 - On 02/14/19 changes to this request were completed as requested by Ruena GH77 on behalf of State Farm Insurance. These changes are detailed below.
 - **Equipment:** added Alarm System, Electronic Compass.

Market Overview

What is my Vehicle Market Value based on?

96792-3906, Waianae Hawaii--Research for your vehicle was based on market analysis originating from your zip code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- o **Odometer**
 - Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
 - The odometer adjustment is based on 6.50 cents per mile specific to the 2017 Volkswagen Jetta 1.4T SE Turbo 4D Sedan in the state of Hawaii. Odometer adjustments are capped at 40% of the vehicle's starting value.
- o **Equipment**
 - Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
 - Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation
- o **Condition**
 - Typical condition is based on hundreds of inspected vehicles
 - Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 4 recall bulletins that may apply to this vehicle.

NHTSA ID Number 17V070000

Date Issued 02/03/17

Quantity Affected 2

Defect Volkswagen Group of America, Inc. (Volkswagen) is recalling certain 2017 Jetta vehicles equipped with a 1.4L engine. These vehicles have an engine that may seize due to an improper casting of the block.

If the engine seizes, the wheels may suddenly lock up, causing a loss of vehicle control and increasing the risk of a crash.

Remedy Volkswagen will either buy back the vehicle or replace the engine block, free of charge. The recall began February 2017. Owners may contact Volkswagen customer service at 1-800-893-5298. Volkswagen's number for this recall is 10F4.

NHTSA ID Number 17V136000

Date Issued 03/02/17

Quantity Affected 797

Defect Volkswagen Group of America, Inc. (Volkswagen) is recalling certain 2017 Beetle and Jetta GLI vehicles. The affected vehicles have incorrect information on the tire information label, possibly causing the operator to overload the vehicle. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims."

	Overloading the vehicle may affect vehicle handling or result in tire damage, increasing the risk of a crash.
Remedy	Volkswagen will notify owners, and dealers will install a corrected tire information label, free of charge. The recall began March 2017. Owners may contact Volkswagen customer service at 1-800-893-5298. Volkswagen's number for the recall is 01B9.
NHTSA ID Number	17V137000
Date Issued	03/02/17
Quantity Affected	4,875
Defect	Volkswagen Group of America, Inc. (Volkswagen) is recalling certain 2017 Jetta vehicles. The affected vehicles have incorrect information on the tire information label, possibly causing the operator to overload the vehicle. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims."
	Overloading the vehicle may affect vehicle handling or result in tire damage, increasing the risk of a crash.
Remedy	Volkswagen will notify owners, and dealers install a corrected tire information label, free of charge. The recall began March 2017. Owners may contact Volkswagen customer service at 1-800-893-5298. Volkswagen's number for the recall is 01B8
NHTSA ID Number	17V352000
Date Issued	05/31/17
Quantity Affected	2
Defect	Volkswagen Group of America, Inc. (Volkswagen) is recalling certain 2017 Jetta vehicles. The affected vehicles have Vehicle Identification Number (VIN) markings on the body that do not match the VIN plate near the windshield. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."
Remedy	Volkswagen has notified owners and has replaced the vehicles, free of charge. The recall began on June 2, 2017. Owners may contact Volkswagen customer service at 1-800-893-5298. Volkswagen's number for this recall is 06A8.

Final Market Value Calculation

1.2020 Ford Escape SEL Turbo 2WD 4D Wagon	\$27,081
2.2020 Ford Escape SEL Turbo 2WD 4D Wagon	\$24,635
3.2020 Ford Escape SEL Turbo 2WD 4D Wagon	\$25,472
4.2020 Ford Escape SEL Turbo 2WD 4D Wagon	\$27,078

Average Price	\$26,067
Total Condition Adjusted Market Value	\$26,067
Sales Tax 9.5000%	2,476.37
Deductible	-200.00
Net Adjusted Value	\$28,343.37

This valuation was processed using our Multiple Comparable valuation methodology.

Valuation Notes

- o Loss vehicle description was provided by State Farm Insurance
- o Adjustments of Special Note
 - The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
 - An odometer adjustment of 7.00 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.

- Typical miles for this 2020 Ford Escape in Illinois is 17,280.
- No special adjustments were made for this vehicle.
- All values are in U.S. dollars.

o **Autosource Valuation Process**

- Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Chicago, Illinois.
- The value of the Package adjustments displayed include only those items that cannot be purchased individually. Other equipment items included in the package that can be purchased separately are adjusted with the vehicle equipment, and these adjustments are noted by the applicable options.

o **Other Adjustments or Comments**

- This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
- The tax was calculated based on a date of loss of 02/13/2021 using zip 60653-3922, in Chicago, Cook County, Illinois. The city may vary from search area to reflect correct tax location.

Area	Taxed	Rate	Total	Tax % of Market Value
Illinois	\$26,067	6.2500%	\$1,629.19	6.2500%
Cook	\$26,067	1.0000%	\$260.67	1.0000%
Chicago	\$26,067	1.2500%	\$325.84	1.2500%
Regional Transportation Authority (cook)	\$26,067	1.0000%	\$260.67	1.0000%
Total Tax:			\$2,476.37	9.5000%

- o Autosource has utilized a dealer inspected comparable as the basis for the fair market value of the loss vehicle. The comparables located by Autosource may reflect either asking or sold prices.

Market Overview

? What is my Vehicle Market Value based on?

60653-3922, Chicago Illinois--Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 7.00 cents per mile specific to the 2020 Ford Escape SEL Turbo 2WD 4D Wagon in the state of Illinois. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 5 recall bulletins that may apply to this vehicle.

NHTSA ID Number 20V415000

Date Issued 07/17/20

Quantity Affected 68

Defect Ford Motor Company (Ford) is recalling certain 2020 Escape and Transit vehicles. The affected vehicles may have an improperly crimped diffuser in the side curtain air bags which may result in the diffuser detaching from the inflator in the event of an air bag deployment.

Remedy Ford will notify owners, and dealers will replace the side curtain air bag modules, free of charge. An interim letter notifying owners of the safety risk will be mailed August 3, 2020. A second letter will be sent once parts are available, which is expected to be in September 2020. Owners may contact Ford's customer service at 1-866-436-7332. Ford's number for this recall is 20S35.

NHTSA ID Number 20V550000

Date Issued 09/10/20

Quantity Affected 97

Defect Ford Motor Company (Ford) is recalling certain 2019-2020 Edge, Transit Connect and Lincoln MKX and 2020 Escape and Lincoln Corsair vehicles. The start/stop accumulator endcap may have missing or loose bolts.

Remedy Ford will notify owners, and dealers will replace the start/stop accumulator, free of charge. The recall is expected to begin September 21, 2020. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 20S49.

NHTSA ID Number 20V575000

Date Issued	09/23/20
Quantity Affected	620,246
Defect	Ford Motor Company (Ford) is recalling certain 2020 Ford F-150, F-250, F-350, F-450, F-550, Explorer, Mustang, Transit, Expedition, Escape, Ranger and Edge, and Lincoln Nautilus and Corsair vehicles. Due to a poor electrical connection, the rearview camera may intermittently display a blank or distorted image. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 111, "Rear Visibility."
Remedy	Ford will notify owners, and dealers will replace the rearview camera, free of charge. The recall is expected to begin November 7, 2020. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 20C19.
NHTSA ID Number 20V635000	
Date Issued	10/15/20
Quantity Affected	689
Defect	Ford Motor Company (Ford) is recalling certain 2020 Escape vehicles equipped with a key-start ignition system. The Body Control Module (BCM) intermittently may not pick up the signal from the rear Tire Pressure Monitoring System (TPMS) sensors or the Remote Key Fob. In the event of a low tire pressure condition, the TPMS system may not provide an adequate warning.
Remedy	Ford will notify owners, and dealers will replace the BCM, free of charge. Owners are advised that two key fobs are required for the repair to be completed. The recall is expected to begin November 23, 2020. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 20S59.
NHTSA ID Number 21V011000	
Date Issued	01/15/21
Quantity Affected	147
Defect	Ford Motor Company (Ford) is recalling certain 2020-2021 Edge, 2020 Lincoln Nautilus and Ford Escape and 2021 Lincoln Corsair and Ford Bronco Sport vehicles. An inadequate amount of lubricant in the rear drive unit may cause seizure of the rear drive axle.
Remedy	Ford will notify owners, and dealers will check the rear drive unit lubricant level. Axles found to have lubricant at the minimum level will be filled to the full level. Axles found to be below the minimum lubricant fill level will be replaced, free of charge. The recall is expected to begin February 1, 2021. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 21S02.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**

- o **Adjustments of Special Note**

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
- An odometer adjustment of 0.25 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 1997 Chrysler Sebring in Kansas is 135,500.
- No special adjustments were made for this vehicle.
- All values are in U.S. dollars.

- o **Autosource Valuation Process**

- Over 9,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Leavenworth, Kansas.
- The market area expansion was authorized by Autosource Guidelines.
-

o **Other Adjustments or Comments**

- DAMAGED AT THE LEFT REAR OF VEHICLE. LEFT QUARTER AND TAILLAMP MASHED. REAR BUMPER DAMAGED AND DECK LID DAMAGED. POSSABLE LEFT REAR RAIL DAMAGE. PER COPART NOTE DIGITAL ODOMETER WOULD NOT LIGHT UP.
- This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
- The tax was calculated based on a date of loss of 05/03/2019 using zip 66048-4769, in Leavenworth, Leavenworth County, Kansas. The city may vary from search area to reflect correct tax location.

o **Correction Notes**

Market Overview

What is my Vehicle Market Value based on?

66048-4769, Leavenworth Kansas--Research for your vehicle was based on market analysis originating from your zip code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 0.25 cents per mile specific to the 1997 Chrysler Sebring JX 2D Convertible in the state of Kansas. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

1 1997 Chrysler Sebring JX 2D Convertible

3C3EL45H3VT555896

\$3,132

Stock# 555896. 142600 Miles. 6 Cylinder 2.5 Engine, 4 Speed Automatic, Quick Order Package, Air Conditioning, Cruise Control, AM/FM CD Player, Center Console, Dual Airbags, Rear Window Defroster, Heated Power Mirrors, Power Drivers Seat, Floor Mats, Intermittent Wipers, Illuminated Visor Mirror, Keyless Entry System, Lighted Entry System, Power Brakes, Power Door Locks, Power Steering, Power Convertible Top, Power Windows, Rem Trunk-L/Gate Release, Tachometer, Tinted Glass, Tilt Steering Wheel, Vinyl Seats.

Offered for sale by Priced Rite Auto in Lincoln, NE, (402) 475-1335. Vehicle information by Cars.com on 04/29/19.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 5 recall bulletins that may apply to this vehicle.

NHTSA ID Number	97V081002
Date Issued	08/08/97
Quantity Affected	1,083
Defect	The headrest guide bracket was improperly welded to the seat back frame on the passenger side seat back assemblies only. The headrest support bracket can break, increasing the risk of personal injury.
Remedy	Dealers will replace the passenger seat back assembly with a new assembly.
NHTSA ID Number	97V201000
Date Issued	11/13/97
Quantity Affected	599,000
Defect	Vehicle description: Passenger vehicles. The lower control arm ball joint can separate due to loss of lubrication. Separation of the ball joint could cause a loss of steering control increasing the risk of a vehicle crash.

Remedy	Dealers will inspect the ball joint end housing cover seal for leakage with a high pressure air tester and the rubber boot will be visually inspected for damage. If the cover seal leaks or the boot is damaged, the lower control arm will be replaced.
NHTSA ID Number	98V183000
Date Issued	08/06/98
Quantity Affected	685,000
Defect	Vehicle description: Passenger vehicles equipped with automatic transmissions. The adjustment of the cable connecting the console shifter mechanism to the ignition key can cause a trapped key condition which can result in a low force required to depress the shift button. A combination of applying a mis-adjusted release button with a low force attempt to shift out of park with the key in the locked position, can break the connecting pin in the shifter. If this happens, the "ignition-park" interlock system will be nonfunctional.
Remedy	Dealers will inspect for proper operation of the system. Any vehicles that are not functional after the inspection will have the shift mechanism and cable replaced with a "self-adjusting" design.
NHTSA ID Number	02V186000
Date Issued	07/08/02
Quantity Affected	88,000
Defect	On certain passenger vehicles equipped with 2.5L V6 engines, the throttle control cable can fray causing the throttle to bind or stick. This could potentially result in a loss of throttle control, increasing the risk of a crash.
Remedy	Dealers will replace the throttle cable assembly. Owner notification began August 5, 2002. Owners who take their vehicles to an Authorized Dealer on an agreed upon service date and do not receive the free remedy within a reasonable time should contact DaimlerChrysler at 1-800-853-1403.
NHTSA ID Number	04V021000
Date Issued	01/13/04
Quantity Affected	2,315,768
Defect	On certain passenger vehicles, the floor shifter ignition-park interlock may fail and allow the shifter to be moved out of the park position with the key removed. An inoperative interlock may also allow the key to be removed when the shifter has not been placed in the park position. Either circumstance may result in the vehicle rolling away without warning.
Remedy	Dealers will install a new load-limiting push rod into the floor shifter lever of the affected vehicles. Owner notification began on June 14, 2004. Owners should contact DaimlerChrysler at 1-800-853-1403.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**

- o **Adjustments of Special Note**

- An odometer adjustment of 3.00 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2011 Chevrolet Camaro in Kentucky is 73,536.
- No special adjustments were made for this vehicle.
- All values are in U.S. dollars.

- o **Autosource Valuation Process**

- Over 5,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Covington, Kentucky.

- o **Other Adjustments or Comments**

- The base adjustment(s) considers differences in the listed vehicle description and equipment that is standard on one vehicle but not on the other.
- The tax was calculated based on a date of loss of 06/23/2018 using zip 41014, in COVINGTON, Kenton County, Kentucky. The city may vary from search area to reflect correct tax location.
- Autosource has utilized a dealer inspected comparable as the basis for the fair market value of the loss vehicle. The comparables located by Autosource may reflect either asking or sold prices.

- o **Conditioning Notes**

- **INTERIOR**

- o **Seats:** Seating surfaces split or cracked. 1 tear or wear hole greater than 1 credit card. 4 or more burn marks or holes smaller than a dime. Considerable wear. Side panel seat padding flat. Portion of seams separated. Extreme odor or smoke damage that can't be removed with detail. Considerable fading or discoloration. Sun or weather damage. Mold that can't be removed with a detail. Mismatched seats. Headrest missing.
- o **Carpets:** 4 or more burn marks or holes smaller than a dime. 1 tear greater than 1 credit card in size. Considerable fading or discoloration. Molded inserts separated from carpet. Sun or weather damage. Mold that can't be removed with a detail.
- o **Int Trim:** Deep scratches and wear. 1-2 gauges missing. 1-2 controls missing. 4 or more burn marks or holes smaller than a dime. Inoperable window. Multiple surface cracks no greater than 1 credit card in size. Sun or weather damage. Missing speaker covers. Mold that can't be removed with detail.
- o **Glass:** 1-3 chips or bull's eyes less than 1 quarter in size, that are repairable. Multiple scratches in numerous areas. Fogging of the glass less than 1 credit card in size.
- o **Headliner:** Slight stains. 1-3 holes smaller than a dime. 1-3 burn marks or holes smaller than a dime. 1 tear smaller than a dime. Some slight isolated sagging. Mold that can be removed with a detail.

- **EXTERIOR**

- o **Body:** Small dents or a dent greater than 1 credit card in size up to the size of the Condition Book. Surface rust on one or more panels. Small isolated spot or spots rusted through less than 1 credit card in size. Considerable hail damage, including repairable hail damage. Poor quality repairs on 1-2 panels.
- o **Paint:** Visible oxidation or fading. Discoloration that can't be buffed out. More than 3 scrapes or large scratches up to 6 credit cards in length or diameter. Extensive chipping. Checking on 3 or more panels. 1 primer area. Obvious mismatched paint on 1 panel. Poor quality complete vehicle repaint. Paint or clear coat peeling less than size of the Condition Book or on 1 panel.
- o **Ext Trim:** Impact damage greater than 1 credit card in size up to the size of the Condition Book. Corrosion or rust on more than 3 items. 1-3 items broken. 1-2 minor items missing. More than 3 tears or cracks up to 6 credit cards in length or diameter. Holes in cladding. Large tears or cracks. Mismatched items. Scrapes or peeling paint on chrome and bumper covers.

- **MECHANICAL**

- o **Engine:** Belts or accessories show slight wear or corrosion. Slight oil or fluid seepage around gaskets or covers. Poor fitting aftermarket cosmetic components.

Market Overview**? What is my Vehicle Market Value based on?**

41014, Covington Kentucky--Research for your vehicle was based on market analysis originating from your zip code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- o **Odometer**

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 3.00 cents per mile specific to the 2011 Chevrolet Camaro 1LS 2D Coupe in the state of Kentucky. Odometer adjustments are capped at 40% of the vehicle's starting value.

- o **Equipment**

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

- o **Condition**

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

N.A.D.A. Value**

**N.A.D.A. Vehicle Description: 2011 CHEV Camaro Coupe 2D LS

N.A.D.A. values are as of June, 2018 from the Central Edition.

Base Value	10450
Mileage: 240,662 Mi	-3430
Option Adjustment	0
Fully Adjusted Value	7020

These current N.A.D.A. values are furnished under license from NADASC. All values Copyright © NADASC 2018.

The values in the N.A.D.A. guide assume a vehicle in clean condition. Appropriate deductions should be made to put a vehicle in salable condition.

Special Note on Older Vehicles: N.A.D.A.'s editors believe that most optional equipment has little or no value on older vehicles. This is especially true of options that cost relatively little to begin with and which deteriorate with age or use.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 2 recall bulletins that may apply to this vehicle.

NHTSA ID Number 14V346000

Date Issued 06/20/14

Quantity Affected 464,712

Defect General Motors LLC (GM) is recalling all 2010-2014 Chevrolet Camaro vehicles manufactured December 3, 2008 to May 23, 2014. In the affected vehicles, the driver may accidentally hit the ignition key with their knee, unintentionally knocking the key out of the run position, turning off the engine.

If the key is not in the run position, the air bags may not deploy if the vehicle is involved in a crash, increasing the risk of injury. Additionally, a key knocked out of the run position could cause loss of engine power, power steering, and power braking, increasing the risk of a vehicle crash.

Remedy GM will notify owners, and dealers will remove the key blade from the original flip key/RKE transmitter assemblies, and provide two new keys and two key rings per key. The recall began August 25, 2014. Owners may contact Chevrolet customer service at 1-800-222-1020. GM's number for this recall is 14294. Note: Until the recall has been performed, it is very important that drivers adjust their seat and steering column to allow clearance between their knee and the ignition key.

NHTSA ID Number 14V447000

Date Issued 07/23/14

Quantity Affected 414,333

Defect General Motors LLC (GM) is recalling certain model year 2011-2012 Buick LaCrosse, Regal and Chevrolet Camaro, as well as certain 2010-2012 Cadillac SRX, Chevrolet Equinox and GMC Terrain vehicles, equipped with power height adjustable driver and passenger seats. In the affected vehicles, the bolt that secures the driver's and passenger's power front seat height adjuster may fall out causing the seat to drop suddenly to the lowest vertical position.

If the driver's seat unexpectedly drops, the distraction and altered seat position may affect the drivers' control of the vehicle, increasing the risk of a crash.

Remedy GM will notify owners, and dealers will replace the height adjuster shoulder bolts, free of charge. The manufacturer distributed interim letters to owners on September 11, 2014. The recall began on December 26, 2014. Owners may contact GM customer service at 1-800-521-7300 (Buick), 1-800-458-8006 (Cadillac), 1-800-222-1020 (Chevrolet), or 1-800-462-8782 (GMC). GM's number for this recall is 14271.

Valuation Notes

o Adjustments of Special Note

- The requested Exception valuation has been processed using in order to meet state regulatory requirements.
- The following equipment: Aluminum/Alloy Wheels, does not have a manufacture cost associated with it; the adjustment was determined by using the average cost by vehicle year and category.
- A mileage adjustment of 5.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Mileage adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2018 Toyota Corolla in Louisiana is 46,741.

o Information provided by State Farm Insurance

- Loss vehicle description was provided by State Farm Insurance
- All values are in U.S. dollars.

o Autosource Valuation Process

- Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Kenner, Louisiana.
-

o Other Adjustments or Comments

- This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
- The tax was calculated based on a date of loss of 03/22/2021 using zip 70062, in Jefferson County, Louisiana. The city may vary from search area to reflect correct tax location.

Area	Taxed	Rate	Total	Tax % of Market Value
Louisiana	\$13,625	4.4500%	\$606.31	4.4500%

Jefferson	\$13,625	4.7500%	\$647.19	4.7500%
		Total Tax:	\$1,253.50	9.2000%

o **Conditioning Notes**

▣ **INTERIOR**

- **Seats:** No obvious damage. Very negligible wear visible on close inspection. Soiling removable with cleaning. No fading or discoloration.
- **Carpets:** No obvious damage. Very negligible wear visible on close inspection. Soiling removable with cleaning. No fading or discoloration.
- **Int Trim:** No obvious damage. Very negligible wear visible on close inspection. Soiling removable with cleaning. No fading or discoloration.
- **Glass:** No obvious damage. Numerous small pits. Light scratches visible on close inspection.
- **Headliner:** No damage. Very negligible wear visible on close inspection. Soiling removable with cleaning. No fading or discoloration.

▣ **EXTERIOR**

- **Body:** No visible damage. 1-3 small dings possible on close inspection.
- **Paint:** No obvious damage. 1-3 very small chips. 1-3 small scratches, no greater than 1 credit card in size, only noticeable on close inspection that can be polished out. Negligible swirl marks.
- **Ext Trim:** No damage. No dents. No impact damage. Good shine on chrome or bumper covers. Color-keyed sections in good condition. 1-3 slight scratches or marks.

▣ **MECHANICAL**

- **Engine:** Engine compartment generally clean. No obvious leaks. All accessories in good working condition. Recommended maintenance performed. Service records well documented.
- **Transmission:** Transmission housing, transaxle, differential, transfer case areas generally clean. No obvious leaks. Recommended maintenance performed. Service records well documented.

▣ **TIRES**

- **Front Tires:** Tires are in good condition. 30-79% of tread remains.
- **Rear Tires:** Tires are in good condition. 30-79% of tread remains.

N.A.D.A. Value**

**N.A.D.A. Vehicle Description: 2018 TOYOTA Corolla Sedan 4D SE I4

N.A.D.A. values are as of March, 2021 from the Southwestern Edition.

Base Value	15425
Mileage: 61,940 Mi	-750
Option Adjustment	0
Fully Adjusted Value	14675

These current N.A.D.A. values are furnished under license from NADASC. All values Copyright © NADASC 2021.

The values in the N.A.D.A. guide assume a vehicle in clean condition. Appropriate deductions should be made to put a vehicle in salable condition.

Special Note on Older Vehicles: N.A.D.A.'s editors believe that most optional equipment has little or no value on older vehicles. This is especially true of options that cost relatively little to begin with and which deteriorate with age or use.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 3 recall bulletins that may apply to this vehicle.

NHTSA ID Number 19V503000

Date Issued	06/28/19
Quantity Affected	1,325
Defect	Southeast Toyota Distributors, LLC (SET) is recalling certain 2017-2019 Toyota Camry, Corolla, Rav4, Sienna, and Yaris iA vehicles equipped with factory-installed floor mats. The load carrying capacity modification label may be incorrect. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims."
Remedy	SET will notify owners and provide a corrected label for placement over the inaccurate label, free of charge. The recall is expected to begin August 27, 2019. Owners may contact Toyota customer service at 1-888-270-9371. SET's number for this recall is SET19A.
NHTSA ID Number	20V012000
Date Issued	01/13/20
Quantity Affected	695,541
Defect	Toyota Motor Engineering and Manufacturing (Toyota) is recalling certain 2018-2019 4Runner, Highlander, Camry, Land Cruiser, Sequoia, Sienna, Tacoma and Tundra, and Lexus RC 300, RC 350, GS 350, GX 460, IS 300, LC 500, LS 500, LX 570, RX 350, and 2019 Toyota Avalon and Corolla, and Lexus NX 300, ES 350, and GS 200T vehicles. The low-pressure fuel pump inside the fuel tank may fail
Remedy	The remedy for this recall is still under development. The recall is expected to begin March 13, 2020. Owners may contact Toyota customer service at 1-888-270-9371 or Lexus customer service at 1-800-255-3987. Toyota's numbers for this recall are 20TB02 and 20TA02 for Toyota vehicles and 20LB01 and 20LA01 for Lexus vehicles
NHTSA ID Number	20V024000
Date Issued	01/17/20
Quantity Affected	2,891,976
Defect	Toyota Motor Engineering and Manufacturing (Toyota) is recalling certain 2011-2019 Corolla, 2011-2013 Matrix, 2012-2018 Avalon, and 2013-2018 Avalon Hybrid vehicles. During certain crashes, the air bag electronic control unit (ECU) may malfunction, possibly disabling the deployment of the air bags and/or seat belt pretensioners.
Remedy	Toyota will notify owners, and dealers will inspect the ECU and install a noise filter between the air bag control module and its wire harness, as necessary, free of charge. The recall is expected to begin March 17, 2020. Owners may contact Toyota customer service at 1-888-270-9371. Toyota's numbers for this recall are 20TB03 and 20TA03.

This valuation was processed using our Multiple Comparable valuation methodology.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**

- o **Adjustments of Special Note**

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
- The following equipment: Steel Wheels, does not have a manufacture cost associated with it; the adjustment was determined by using the average cost by vehicle year and category.
- An odometer adjustment of 3.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2013 Volkswagen Jetta in Maryland is 79,496.
- All values are in U.S. dollars.

- o **Autosource Valuation Process**

- Over 9,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Hagerstown, Maryland.

■

- Other Adjustments or Comments

- This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
- The market area identified has multiple tax jurisdictions. Autosource was unable to identify which county or city was applicable to the total loss vehicle. However, each of the counties have the identical tax amount, therefore, the valuation was completed using this identical amount.

Market Overview

? What is my Vehicle Market Value based on?

21740, Hagerstown Maryland--Research for your vehicle was based on market analysis originating from your zip code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- o **Odometer**
 - Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
 - The odometer adjustment is based on 3.50 cents per mile specific to the 2013 Volkswagen Jetta SE 4D Sedan in the state of Maryland. Odometer adjustments are capped at 40% of the vehicle's starting value.
- o **Equipment**
 - Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
 - Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation
- o **Condition**
 - Typical condition is based on hundreds of inspected vehicles
 - Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 2 recall bulletins that may apply to this vehicle.

NHTSA ID Number 14V656000

Date Issued 10/20/14

Quantity Affected 442,066

Defect Volkswagen Group of America, Inc. (Volkswagen) is recalling certain model year 2011-2013 Jetta vehicles manufactured March 1, 2010, to November 30, 2012, and 2012-2013 Beetle vehicles manufactured March 1, 2011, to July 31, 2013. The durability of the rear trailing arms may be reduced in vehicles whose rear trailing arms have been previously deformed, such as a result of a rear or side-rear impact crash.

The reduced durability of the trailing arm may result in its sudden fracture, possibly causing loss of vehicle control and increasing the risk of a crash.

Remedy Volkswagen will notify owners, and dealers will install a sheet metal inlay on the rear axle trailing arms designed to prevent a sudden loss of control in the event of trailing arm sudden fracture, free of charge. The recall began April 7, 2015. Owners may contact Volkswagen customer service at 1-800-893-5298.

NHTSA ID Number 15V483000

Date Issued 08/04/15

Quantity Affected 415,825

Defect Volkswagen Group of America, Inc. (Volkswagen) is recalling certain model year 2010-2014 Volkswagen CC, and Passat, 2010-2013 Eos, 2011-2014 Golf, GTI, Jetta, and Tiguan, and 2012-2014 Jetta Sportwagen vehicles. In the affected vehicles, debris may contaminate the air bag clock spring, a spiral wound, flat cable that keeps the air bag powered while the steering wheel is being turned. This contamination may tear the cable and result in a loss of electrical connection to the driver's frontal air bag.

A loss of electrical connection to the driver's frontal air bag will prevent the air bag from deploying in the event of a vehicle crash, increasing the risk of injury.

Remedy Volkswagen will notify owners, and dealers will install a protective cover over the steering wheel clock spring if the air bag light is off. If the airbag light is on and the steering wheel clock spring requires replacement, dealers will install a new steering wheel clock spring. These repairs will be performed free of charge. The recall began on January 15, 2016. Owners may contact Volkswagen customer service at 1-800-822-8987.

This valuation was processed using our Multiple Comparable valuation methodology.

o **Adjustments of Special Note**

- The loss vehicle was reported to have an aftermarket **Tool Box** purchased **34** months ago at a cost of **\$350**.
- The loss vehicle was reported to have an aftermarket **5th Wheel Member** purchased **34** months ago at a cost of **\$2,174**.

Valuation Notes

o **Loss vehicle description was provided by State Farm Insurance**

o **Adjustments of Special Note**

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
- The following equipment: AM/FM Stereo, does not have a manufacture cost associated with it; the adjustment was determined by using the average cost by vehicle year and category.
- An odometer adjustment of 5.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2016 Dodge Ram 250/2500 in Mississippi is 75,411.

- All values are in U.S. dollars.

o Autosource Valuation Process

- Over 9,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Gulfport, Mississippi.
- The market area expansion was authorized by Autosource Guidelines.
-

o Other Adjustments or Comments

- This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
- The tax was calculated based on a date of loss of 01/31/2020 using zip 39501, in Harrison County, Mississippi. The city may vary from search area to reflect correct tax location.

Area	Taxed	Rate	Total	Tax % of Market Value
Mississippi	\$39,930	5.0000%	\$1,996.50	5.0000%
		Total Tax:	\$1,996.50	5.0000%

o Correction Notes

▪ Version 3

- On 02/10/20 changes to this request were completed as requested by Jim THZR on behalf of State Farm Insurance. These changes are detailed below.
- **Odometer:** changed from Not Actual to Actual.
- **Equipment:** added Tool Box.

▪ Version 2

- On 02/10/20 changes to this request were completed as requested by Jim THZR on behalf of State Farm Insurance. These changes are detailed below.
- **Equipment:** added 5th Wheel Member.

Market Overview

? What is my Vehicle Market Value based on?

39501, Gulfport Mississippi--Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 5.50 cents per mile specific to the 2016 Dodge Ram 250/2500 Laramie 4WD 4D Short Bed Crew Cab in the state of Mississippi. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 10 recall bulletins that may apply to this vehicle.

NHTSA ID Number	15V592000
Date Issued	09/23/15
Quantity Affected	41
Defect	Chrysler (FCA US LLC) is recalling certain model year 2016 Ram 2500, 3500, 3500 Cab Chassis and 4500/5500 Cab Chassis trucks manufactured July 31, 2015, to August 13, 2015 and equipped with a 6.7L Cummins Diesel engine. In the affected vehicles, the Engine Control Module (ECM) may short circuit, causing the engine to stall without warning. An engine that stalls without warning increases the risk of a crash.
Remedy	Chrysler will notify owners, and dealers will replace the ECM, free of charge. The recall began on December 21, 2015. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is R52.
NHTSA ID Number	17V302000
Date Issued	05/09/17
Quantity Affected	1,021,279
Defect	Chrysler (FCA US LLC) is recalling certain model year 2013-2016 Ram 1500, Ram 2500, and 2014-2016 Ram 3500 vehicles. Certain driving conditions, such as driving off-road or debris striking the vehicle may cause the roll rate sensor to trigger a fault within the Occupant Restraint Controller (ORC). If this fault occurs, the rollover side curtain air bag and the seat belt pretensioner will be disabled from deploying.
Remedy	Chrysler will notify owners, and dealers will update the ORC software, free of charge. The recall is expected to begin June 23, 2017. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is T25.
NHTSA ID Number	17V499000
Date Issued	08/10/17
Quantity Affected	110
Defect	Streetcar ORV LLC, dba American Expedition Vehicles (AEV) is recalling certain 2013-2017 RAM 2500 and 3500 heavy duty trucks, modified by AEV to be equipped with cast aluminum Katla 8.5" road wheels. The outer surface of the wheel may fracture, resulting in rapid air loss.
Remedy	AEV will notify owners, and dealers will replace the wheels with wheels of similar value, free of charge. The recall is expected to begin August 31, 2017. Owners may contact AEV customer service at 1-248-926-0256 extension 500.
NHTSA ID Number	17V562000
Date Issued	09/12/17
Quantity Affected	443,712
Defect	Chrysler (FCA US LLC) is recalling certain 2013-2017 RAM 2500, 3500, 3500 Cab Chassis, 4500 Cab Chassis, and 5500 Cab Chassis vehicles, equipped with Cummins 6.7L Turbo Diesel engines that have Concentric-brand water pumps without a vent hole. These water pumps may leak coolant.
Remedy	Chrysler will notify owners, and dealers will replace the water pumps, free of charge. The recall is expected to begin November 1, 2017. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is T51.
NHTSA ID Number	17V821000
Date Issued	12/20/18
Quantity Affected	1,482,874

Defect	Chrysler (FCA US LLC) is recalling certain 2016-2017 Ram 3500 Cab Chassis with a Gross Vehicle Weight Rating (GVWR) of less than 10,000 lbs, 2011-2017 Ram 3500, 4500 and 5500 Cab Chassis vehicles, 2009-2017 Ram 1500 and 2010-2017 Ram 2500 and 3500 pickup trucks, all equipped with a column shifter. Pushing the brake pedal for prolonged periods when the vehicle is running and in PARK may cause the Brake Transmission Shift Interlock (BTSI) pin to stick in the open position. With the pin in the open position, the transmission can be shifted out of PARK into any gear without pushing the brake pedal or having the key in the ignition.
Remedy	The remedy for this recall is still under development. The recall is expected to begin February 8, 2018. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is T79.
NHTSA ID Number	17V824000
Date Issued	12/21/17
Quantity Affected	62,042
Defect	Chrysler (FCA US LLC) is recalling various Dodge, Chrysler, and RAM vehicles equipped with Kidde Plastic-Handle or Push Button 'Pindicator' Fire Extinguishers. A list of the affected trailer models is available at: https://static.nhtsa.gov/odi/rcl/2017/RMISC-17V824-0103.pdf . These extinguishers may become clogged, preventing the extinguisher from discharging as expected or requiring excessive force to activate the extinguisher. Additionally, in certain models, the nozzle may detach from the valve assembly with enough force that it could cause injury and also render the product inoperable. For a full list of the affected fire extinguisher models visit: https://static.nhtsa.gov/odi/rcl/2017/RMISC-17E062-5427.pdf
Remedy	Chrysler will notify owners instructing them to contact Kidde for a replacement fire extinguisher, free of charge. The recall is expected to begin February 9, 2018. Owners may contact Chrysler customer service at 1-800-853-1403 or Kidde customer service toll-free at 1-855-271-0773, or online at www.kidde.com and click on "Product Safety Recall" for more information. Chrysler's number for this recall is T82.
NHTSA ID Number	18V332000
Date Issued	05/17/18
Quantity Affected	4,846,885
Defect	Chrysler (FCA US LLC) is recalling certain 2014-2018 Dodge Journey, Charger and Durango, RAM 2500, 3500, 3500 Cab Chassis (more than 10,000lb), 4500 Cab Chassis and 5500 Cab Chassis, Jeep Cherokee and Grand Cherokee and Chrysler 300, 2014-2019 RAM 1500, 2015-2018 Dodge Challenger, 2015-2017 Chrysler 200, 2016-2018 RAM 3500 Cab Chassis (less than 10,000 lb), 2017-2018 Chrysler Pacifica and 2018 Jeep Wrangler vehicles. These vehicles are being recalled to address a defect that could prevent the cruise control system from disengaging. If, when using cruise control, there is a short circuit within the vehicle's wiring, the driver may not be able to shut off the cruise control either by depressing the brake pedal or manually turning the system off once it has been engaged, resulting in either the vehicle maintaining its current speed or possibly accelerating.
Remedy	Chrysler will notify owners, and dealers will inspect the software, and perform a software flash on the engine or powertrain control module, free of charge. The recall is expected to begin July 6, 2018. Owners may contact Chrysler customer service at 1-800-853-1403. Note: Owners are advised to stop using cruise control until the software update has been performed. In the event that cruise control cannot be disengaged while driving, owners should firmly and steadily apply the brakes and shift the transmission to neutral, placing the vehicle in park once it has stopped.
NHTSA ID Number	18V486000
Date Issued	07/27/18
Quantity Affected	1,149,237
Defect	Chrysler (FCA US LLC) is recalling certain 2015-2017 RAM 1500, 2500, and 3500 pickup trucks equipped with a power locking tailgate and either a 5 foot, 7 inch or 6 foot, 4 inch bed. The tailgate actuator limiter tab may fracture and cause the tailgate to unlatch and open while driving.
Remedy	Chrysler (FCA US LLC) is recalling certain 2015-2017 RAM 1500, 2500, and 3500 pickup trucks equipped with a power locking tailgate and either a 5 foot, 7 inch or 6 foot, 4 inch bed. The tailgate actuator limiter tab may fracture and cause the tailgate to unlatch and open while driving.
NHTSA ID Number	19V021000
Date Issued	01/25/19
Quantity Affected	573,876

Defect	Chrysler (FCA US LLC) is recalling certain 2013-2017 Ram 3500 and 2014-2017 Ram 3500 Chassis Cab and Ram 2500 vehicles. The outboard steering linkage jam nut may loosen, allowing one end of the drag link to separate.
Remedy	Chrysler will notify owners, and dealers will check the steering linkage jam nut tightness, replacing the drag link assembly or welding the nut to the adjuster sleeve, free of charge. The recall is expected to begin on March 16, 2019. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is V06.
NHTSA ID Number	19V347000
Date Issued	05/09/19
Quantity Affected	410,351
Defect	Chrysler (FCA US LLC) is recalling certain 2015-2017 Ram 1500, 2500 and 3500 pickup trucks equipped with an 8 foot truck bed and a power locking tailgate. Chrysler is also recalling all 2018 Ram 1500, 2500 and 3500 pickup trucks built before April 1, 2018 that are equipped with a power locking tailgate. The tailgate actuator limiter tab may fracture and cause the tailgate to unlatch and open while driving.
Remedy	Chrysler will notify owners, and dealers will repair the tailgate latch, free of charge. The recall began May 23, 2019. Owners may contact FCA US customer service at 1-800-853-1403. FCA US's number for this recall is V44. Note: 2015-2017 MY Ram 1500 pickup trucks with truck beds other than 8 foot, are currently covered under NHTSA recall 18V-486 for this issue.

Market Overview**? What is my Vehicle Market Value based on?**

657238186, Pierce City Missouri--Research for your vehicle was based on market analysis originating from your zip code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **mileage, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- o **Mileage**

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The mileage adjustment is based on 7.50 cents per mile specific to the 2016 Toyota Avalon XLE 4D Sedan in the state of Missouri. Mileage adjustments are capped at 40% of the vehicle's starting value.

- o **Equipment**

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

- o **Condition**

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

1 2016 Toyota Avalon XLE 4D Sedan**4T1BK1EB9GU207231****\$23,406**

Stock# T8404A. 2250 Miles. 6 Cylinder 3.5 Engine, 6-Speed Automatic, Auxiliary Audio Input, Anti-Lock Brakes, Air Conditioning, Auto Headlamp Control, Alarm System, Aluminum/Alloy Wheels, Bucket Seats, Cruise Control, AM/FM CD Player, Chrome Grille, Center Console, Dual Airbags, Rear Window Defroster, Heated Power Mirrors, Daytime Running Lights, Dual Zone Auto A/C, Dual Power Seats, Electric Steering, Head Airbags, Halogen Headlights, High Definition Radio, Heated Front Seats, Heated Frnt & Rear Seats, Intermittent Wipers, Illuminated Visor Mirror, Knee Air Bags, Keyless Entry System, Keyless Ignition System, 1st Row LCD Monitor(s), LED Brake Lights, Lighted Entry System, Leather Shift Knob, Leather Steering Wheel, Leather Seats, MP3 Decoder, Overhead Console, Power Brakes, Pwr Driver Lumbar Supp, Power Door Locks, Power Windows, Rear Bench Seat, 2nd Row Head Airbags, Rear Side Airbags, Rem Trunk-L/Gate Release, Rear View Camera, Side Airbags, Stability Cntrl Suspensn, Strg Wheel Radio Control, SiriusXM Satellite Radio, Tachometer, Trip Computer, Traction Control System, Theft Deterrent System, Tinted Glass, Tire Pressure Monitor, Touch Screen Display, Ext Mirror Turn Signals, Tilt & Telescopic Steer, Wireless Phone Connect, Wireless Audio Streaming, Child Safety Locks, LED Lights, Leather Trimmed Interior, Power Outlet, Center Armrest.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 2 recall bulletins that may apply to this vehicle.

NHTSA ID Number 16V215000

Date Issued 04/14/16

Quantity Affected 58,515

Defect Toyota Motor Engineering & Manufacturing (Toyota) is recalling certain model year 2016 Avalon and Camry vehicles manufactured November 30, 2015 to March 4, 2016. The occupant classification system (OCS) that activates or deactivates the front passenger seat air bag system may have been improperly calibrated. As a result, the front passenger air bag and the front passenger knee air bag may not deploy as intended in certain crash scenarios. As such, these vehicles fail to comply with Federal Motor Vehicle Safety Standard (FMVSS) number 208, "Occupant Crash Protection." Air bags that do not deploy as intended during a crash increase the risk of injury.

Remedy Toyota will notify owners, and dealers will recalibrate the OCS, free of charge. The recall is expected to begin by May 31, 2016. Owners may contact Toyota customer service at 1-888-270-9371. Toyota's number for this recall is G0J.

NHTSA ID Number 16V906000

Date Issued 12/16/16

Quantity Affected 12

Defect Toyota Motor Engineering & Manufacturing (Toyota) is recalling certain model year 2016 Avalon, and 2017 Camry vehicles manufactured August 3, 2016, to September 12, 2016. The front passenger knee air bag module may have been attached to the lower instrument panel with incorrect fasteners.

Remedy Toyota will notify owners, and dealers will inspect the fasteners, and if necessary, replace the instrument panel brace and body bracket and reattach the air bag assembly, free of charge. The recall is expected to begin in December 2016. Owners may contact Toyota customer service at 1-800-331-4331. Toyota's number for this recall is G05.

RE: Claim Number: 52-15S6-70J
Date of Loss: January 23, 2021
Vehicle: 2015 Subaru IMPREZA
VIN: JF1GJAK61FH024293
Mileage: 98115

Dear Diane V Newkirk:

Your policy provides for payment of the actual cash value of your vehicle, less any applicable deductible for your total loss. Actual cash value is generally determined by the age, condition, equipment and mileage of your vehicle at the time the loss occurred.

To assist us in determining actual cash value, we consider information obtained by our representatives, information provided by you, vehicle valuation services, and other sources. If you have additional information you wish us to consider, or if you believe we have not correctly determined the actual cash value of your vehicle, please contact us.

The amount payable to you was determined as follows:

Actual Cash Value	\$10,544.00
Plus: Taxes	\$843.52
Title Transfer:	\$0.00
Subtotal	\$11,387.52
Less: Deductible	\$500
Payment to Lien/Lease holder (if applicable)	\$10,388.67
Total Net Payable to You	\$498.85

Now that your vehicle has been determined a Total Loss, contact your local State Farm Agent to discuss your policy.

Thank you for choosing State Farm® for your insurance needs.

If you have questions or need assistance, call us at (855) 231-1590 Ext. 704.

Valuation Notes

- o Loss vehicle description was provided by State Farm Insurance

- o Adjustments of Special Note

▪ The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.

Report Date 02/01/21

2015 Subaru Impreza 2.0i Premium 4WD 4D Sedan

- An odometer adjustment of 3.00 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2015 Subaru Impreza in New York is 70,875.
- No special adjustments were made for this vehicle.
- All values are in U.S. dollars.

o Autosource Valuation Process

- Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Tribes Hill, New York.
- The market area expansion was authorized by Autosource Guidelines.
- The value of the Package adjustments displayed include only those items that cannot be purchased individually. Other equipment items included in the package that can be purchased separately are adjusted with the vehicle equipment, and these adjustments are noted by the applicable options.
-

o Other Adjustments or Comments

- The tax was calculated based on a date of loss of 01/23/2021 using zip 12177, in New York. The city may vary from search area to reflect correct tax location.

Area	Taxed	Rate	Total	Tax % of Market Value
New York	\$10,544	4.0000%	\$421.76	4.0000%
Montgomery	\$10,544	4.0000%	\$421.76	4.0000%
		Total Tax:	\$843.52	8.0000%

o Conditioning Notes

▪ INTERIOR

- **Seats:** Slight stains. Slight wear.
- **Carpets:** Considerable fading or discoloration.
- **Int Trim:** Slight discoloration or wear. Slight scuffs or scratches.
- **Glass:** No obvious damage. Light scratches visible on close inspection.
- **Headliner:** Very negligible wear visible on close inspection.

▪ EXTERIOR

- **Body:** 1-3 dents or creases no greater than 1 credit card in size.
- **Paint:** Numerous small chips.
- **Ext Trim:** Slight scratches to chrome or bumper covers.

▪ MECHANICAL

- **Engine:** Slight oil or fluid seepage around gaskets or covers.
- **Transmission:** Obvious oil seepage around any of the following: transmission housing, transaxle, differential, transfer case.

▪ TIRES

- **Front Tires:** 30-79% of tread remains.
- **Rear Tires:** 30-79% of tread remains.

2015 Subaru Impreza 2.0i Premium 4WD 4D Sedan

Market Overview**What is my Vehicle Market Value based on?**

12177, Tribes Hill New York --Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them—local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- o **Odometer**

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
 - The odometer adjustment is based on 3.00 cents per mile specific to the 2015 Subaru Impreza 2.0i Premium 4WD 4D Sedan in the state of New York. Odometer adjustments are capped at 40% of the vehicle's starting value.

- o **Equipment**

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
 - Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

- o **Condition**

- Typical condition is based on hundreds of inspected vehicles
 - Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 2 recall bulletins that may apply to this vehicle.

NHTSA ID Number 15V366000

Date Issued 06/12/15

Quantity Affected 71,710

Defect Subaru of America, Inc. (Subaru) is recalling certain model year 2015 Legacy vehicles manufactured March 10, 2014, to April 16, 2015, Outback vehicles manufactured February 24, 2014, to April 16, 2015, Impreza vehicles manufactured September 9, 2014, to April 14, 2015, XV Crosstrek vehicles manufactured October 16, 2014, to April 15, 2015, and 2016 WRX vehicles manufactured March 23, 2015, and equipped with the Eyesight Driver Assist System. If the switch that activates the brake lights fails, the automatic pre-collision braking component of the driver assist system will not function.

If the automatic pre-collision braking system does not function as intended, the vehicle will not react to an obstacle in its path, increasing the risk of a crash.

Remedy Subaru will notify owners, and dealers will reprogram the driver assist system, free of charge. The recall began on July 20, 2015. Owners may contact Subaru customer service at 1-800-782-2783. Subaru's number for this recall is WQS-54.

NHTSA ID Number 19V149000

Date Issued 02/28/19

Quantity Affected 1,303,530

Defect Subaru of America, Inc. (Subaru) is recalling certain 2014-2016 Forester, 2008-2016 Impreza sedans, 2012-2016 Impreza station wagons, 2008-2014 WRX sedans (including STI), and 2013-2017 Crosstrek vehicles. Exposure to certain contaminants may cause the brake light switch to malfunction, preventing the brake lights from illuminating and also preventing keyless ignition vehicles from starting and CVT/automatic transmissions from being able to be shifted out of Park.

Report Date 02/01/21

2015 Subaru Impreza 2.0i Premium 4WD 4D Sedan

Remedy Subaru will notify owners, and dealers will replace the brake light switch, free of charge. The recall is expected to begin April 29, 2019. Owners may contact Subaru customer service at 1-800-373-6614. Subaru's number for this recall is WUE-90.

About Your Valuation

This report contains proprietary information of Audatex and its partners and shall not be disclosed to any third party (other than the insurer or insured, or their legal representative; or claimant or claimant's insurer for purposes of subrogation) without Audatex's prior written consent. If you are the insured or claimant and have questions regarding the description of your vehicle, please contact the insurance company that is handling your claim. Information within VINsource/NICB is provided solely to identify potential duplicative claims activity. User agrees to use such information solely for lawful purposes.

Tax rates contained herein are based on general sales tax data provided by Vertex Inc. Excise, use, registration, licensing and other taxes and fees that may be applicable are not included. Audatex makes no representations or warranties concerning the applicability or accuracy of such tax data.

New York Regulatory Statement

Any person who knowingly makes or knowingly assists, abets, solicits or conspires with another to make a false report of the theft, destruction, damage or conversion of any motor vehicle to a law enforcement agency, the department of motor vehicles or an insurance company, commits a fraudulent insurance act, which is a crime, and shall also be subject to a civil penalty not to exceed five thousand dollars and the value of the subject motor vehicle or stated claim for each violation.

Autosource has completed this valuation in accordance with New York Codes Rules and Regulations, Section 216.7 Standards for prompt, fair and equitable settlement of motor vehicle physical damage claims. If it was not possible to determine the value of your vehicle pursuant to NYCRR 216.7(c)(1), subparagraphs (i), (ii), (iii), or (iv), the retail value of your vehicle was determined using the best available method pursuant to NYCRR 216.7(c)(1)(v). In keeping with the NYCRR standards, if the best available method for the market area and type of vehicle is used, an explanation of the methodology used is provided.

This valuation was processed using our Multiple Comparable valuation methodology.

Valuation Notes

- Loss vehicle description was provided by State Farm Insurance

- Adjustments of Special Note

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.

- An odometer adjustment of 4.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2014 Nissan Altima in North Carolina is 76,538.
- No special adjustments were made for this vehicle.
- All values are in U.S. dollars.

◦ **Autosource Valuation Process**

- Over 9,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Concord, North Carolina.
- The value of the Package adjustments displayed include only those items that cannot be purchased individually. Other equipment items included in the package that can be purchased separately are adjusted with the vehicle equipment, and these adjustments are noted by the applicable options.

◦ **Other Adjustments or Comments**

- The tax was calculated based on a date of loss of 08/01/2019 using zip 28027-3804, in Concord, Cabarrus County, North Carolina. The city may vary from search area to reflect correct tax location.

Market Overview

What is my Vehicle Market Value based on?

28027-3804, Concord North Carolina--Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 4.50 cents per mile specific to the 2014 Nissan Altima 2.5 S 4D Sedan in the state of North Carolina. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 6 recall bulletins that may apply to this vehicle.

NHTSA ID Number 14V138000

Date Issued 03/25/14

Quantity Affected 989,701

Defect Nissan North America, Inc. (Nissan) is recalling certain model year 2013-2014 Altima, LEAF, Pathfinder, and Sentra, model year 2013 NV200 (aka Taxi) and Infiniti JX35 and model year 2014 Infiniti Q50 and QX60 vehicles. In the affected vehicles, the occupant classification system (OCS) software may incorrectly classify the passenger seat as empty, when it is occupied by an adult.

2014 Nissan Altima 2.5 S 4D Sedan

If the OCS does not detect an adult occupant in the passenger seat, the passenger airbag would be deactivated. Failure of the passenger airbag to deploy during a crash (where deployment is warranted) could increase the risk of injury to the passenger.

Remedy Nissan will notify owners, and dealers will update the OCS software, free of charge. The recall began on April 14, 2014. Owners may contact Nissan at 1-800-647-7261.

NHTSA ID Number 15V116000

Date Issued 02/27/15

Quantity Affected 625,400

Defect Nissan North America, Inc. (Nissan) is recalling certain model year 2013-2015 Nissan Altima vehicles manufactured March 1, 2013, to December 31, 2014. In the affected vehicles, the secondary hood latch may bind and remain in the unlatched position when the hood is closed.

If the primary latch is inadvertently released and the secondary latch is not engaged, the hood could unexpectedly open while driving, increasing the risk of a vehicle crash.

Remedy Nissan will notify owners, and dealers will be instructed to modify the bend angle of the hood actuation lever to eliminate potential interference with the hood inner panel. In addition, dealers will clean and lubricate the latch joint as needed. If significant corrosion is observed, the latch assembly will be replaced. This repairs will be performed free of charge. The recall began March 31, 2015. Owners may contact Nissan customer service at 1-800-647-7261. Note: This recall is an expansion of recall 14V-565.

NHTSA ID Number 15V681000

Date Issued 10/20/15

Quantity Affected 919

Defect Nissan North America, Inc. (Nissan) is recalling certain model year 2013-2015 Altima and Pathfinder vehicles, 2013-2014 Nissan Sentra vehicles, 2013 Infiniti JX35 vehicles, 2014-2015 Infiniti QX60 vehicles and 2014 Infiniti QX60 Hybrid vehicles. The affected vehicles received an incorrect occupant classification system (OCS) control unit during a repair. These OCS control units may incorrectly classify the front passenger seat as empty, when it is occupied by an adult.

If the OCS does not detect an adult occupant in the passenger seat, the passenger air bag would be deactivated. Failure of the passenger airbag to deploy during a crash (where deployment is warranted) could increase the risk of injury to the passenger.

Remedy Nissan will notify owners, and dealers will update the OCS software, free of charge. The recall began on November 30, 2015. Owners may contact Nissan at 1-800-647-7261.

NHTSA ID Number 16V029000

Date Issued 01/22/16

Quantity Affected 846,000

Defect Nissan North America, Inc. (Nissan) is recalling certain model year 2013-2015 Nissan Altima vehicles manufactured March 6, 2012, to December 31, 2014. In the affected vehicles, the secondary hood latch may bind and remain in the unlatched position when the hood is closed.

If the primary latch is inadvertently released and the secondary latch is not engaged, the hood could unexpectedly open while driving, increasing the risk of a vehicle crash.

Remedy These vehicles were previously included in recalls 14V-565 and 15V-116, however the previous remedy plan may not have been performed consistently to remove the safety risk. To correct this issue, Nissan will re-notify all affected owners and dealers will replace the hood latch with a new one, free of charge. The recall began on February 17, 2016. Owners may contact Nissan customer service at 1-800-647-7261. Note: This recall supersedes recalls 14V-565 and 15V-116.

NHTSA ID Number 16V244000

Date Issued 04/26/16

Quantity Affected 3,296,947

Defect Nissan North America, Inc. (Nissan) is recalling certain model year 2016-2017 Nissan Maxima, 2013-2016 Nissan Altima, NV200, LEAF, Sentra, and Pathfinder, 2014-2016 Nissan NV200 Taxi, Infiniti QX60, QX60 Hybrid, and Q50 Hybrid, 2014-2017 Nissan Rogue and Infiniti Q50, 2015-2016 Nissan Murano, Murano Hybrid, and Chevrolet City Express, 2014-2015 Nissan Pathfinder

Hybrid, and 2013 Infiniti JX35 vehicles. In these vehicles, the front seat passenger Occupant Classification System (OCS) may incorrectly classify an adult passenger as a child or classify the seat as empty despite it being occupied. As a result, the passenger frontal air bag may be turned off and not deploy in the event of a crash.

If the passenger frontal air bag does not deploy as intended in the event of a crash, the passenger is at an increased risk of injury.

Remedy Nissan will notify their owners. Chevrolet City Express owners will be notified by General Motors. Dealers will reprogram the Air Bag Control Unit (ACU) and OCS Electronic Control Unit (ECU) in Altima, Maxima, Murano, Rogue, and Sentra vehicles, and replace the OCS ECU in LEAF, NV200, NV200 Taxi, Pathfinder, Infiniti Q50, JX35, and QX60 and Chevrolet City Express vehicles, free of charge. Interim notices were sent to owners on May 31, 2016. Owners will receive a second notice when remedy parts become available. Owners may contact Nissan customer service at 1-800-867-7669, Infiniti customer service at 1-888-833-3216 or Chevrolet customer service at 1-800-222-1020.

NHTSA ID Number 16V911000

Date Issued 12/19/16

Quantity Affected 757

Defect Nissan North America, Inc. (Nissan) is recalling certain model year 2013-2015 Altima vehicles manufactured January 3, 2013, to July 29, 2013, 2015-2016 Rogue vehicles manufactured October 14, 2014, to August 12, 2016, and 2016 Maxima vehicles manufactured June 4, 2015, to August 19, 2015. An incorrect Occupant Classification System (OCS) Electronic Control Unit (ECU) may have been installed in the front passenger seat. The incorrect ECU and seat combination may misclassify the front passenger seat occupant.

If the front passenger seat occupant is misclassified, the air bag may deploy incorrectly in the event of a crash, increasing the risk of injury.

Remedy Nissan will notify owners, and dealers will replace the ECU and update the OCS software free of charge. The recall began February 13, 2017. Owners may contact Nissan customer service at 1-800-647-7261.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**
- o **Adjustments of Special Note**
 - The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
 - An odometer adjustment of 0.25 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
 - Typical miles for this 1999 Dodge Durango in Ohio is 171,450.
 - No special adjustments were made for this vehicle.
 - All values are in U.S. dollars.
- o **Autosource Valuation Process**
 - Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
 - The originating search area for this valuation was Cincinnati, Ohio.
 - The market area expansion was authorized by Autosource Guidelines.
 - The value of the Package adjustments displayed include only those items that cannot be purchased individually. Other equipment items included in the package that can be purchased separately are adjusted with the vehicle equipment, and these adjustments are noted by the applicable options.
 -
- o **Other Adjustments or Comments**

Market Overview**? What is my Vehicle Market Value based on?**

45223, Cincinnati Ohio--Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- o **Odometer**

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 0.25 cents per mile specific to the 1999 Dodge Durango SLT 4WD 4D Wagon in the state of Ohio. Odometer adjustments are capped at 40% of the vehicle's starting value.

- o **Equipment**

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

- o **Condition**

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 3 recall bulletins that may apply to this vehicle.

NHTSA ID Number	99V342000
Date Issued	12/02/99
Quantity Affected	150,729
Defect	Vehicle description: Sport utility vehicles. The fuel Tank strap can separate due to fatigue during operation. If this occurs, the Tank will be unsupported, increasing the risk of a fuel leak. Fuel leakage, in the presence of an ignition source, could result in a fire.
Remedy	Dealers will replace the double toggle lock fuel Tank straps with single toggle lock design. Note: Affected vehicles built through may 21, 1998, also require the rear brake tube inspection/repair. As a result, the fuel Tank strap and brake tube repair will be performed on these vheicles in a single service procedure under recall 99v-341/daimlerchrysler #841. Affected vehicles built from May 22, 1998 through September 25, 1999, only require the fuel Tank strap repair, which will be performed under recall 99v-342/daimlerchrysler #842.
NHTSA ID Number	01V119000
Date Issued	04/11/01
Quantity Affected	161,682
Defect	Vehicle description: Certain van, wagon, pickup trucks, passenger and sport utility vehicles, fail to comply with requirements of FMVSS No. 209, "seat belt assemblies." the front seat belt retractor may not comply with the requirements of the standard. If the retractor does not work properly, it will not adequately protect occupants in the event of a crash.
Remedy	Dealers will replace the seat belt retractor. Owner notification began August 20, 2001. Owners who take their vehicles to an Authorized Dealer on an agreed upon service date and do not receive the free remedy within a reasonable time should contact DaimlerChrysler at 1-800-853-1403.
NHTSA ID Number	01V153000
Date Issued	05/08/01
Quantity Affected	216,100
Defect	Vehicle description: Pickup trucks. Sound deadener material inside the steering wheel could become detached from the cover and housing. Rnnote: The Ram pickup trucks were built at the warren assembly plant ("s" in the 11th vin position) from May 16, 2000 through October 23, 2000; st. Louis north assembly plant ("j" in the 11th vin position) from May 19, 2000 through October 23, 2000; iago alberto assembly plant ("m" in the 11th vin position) from May 23, 2000 through October 23, 2000; and saltillo assembly plant ("g" in the 11th vin position) from May 23, 2000 through October 23, 2000. Rnimportant: Vehicles that have already had the proper clockspring installed, according to warranty records, have been excluded from this recall. In addition, 1997-2000 model year vehicles that have had a suspect replacement clockspring installed, according to warranty records, have been added to this recall. When this occurs, the material could interfere with the clockspring ribbon and cause an open circuit. The driver air bag system will become disabled, and the air bag warning lamp will illuminate on the instrument panel.
Remedy	Dealers will replace the clockspring assembly. Owner notification began June 18, 2001. Also some 1997-200 model year vehicles that, according to warranty records, have had a suspect replacement clockspring installed, will also be included in this campaign. Owners who take their vehicles to an Authorized Dealer on an agreed upon service date and do not receive the free remedy within a reasonable time should contact DaimlerChrysler at 1-800-853-1403.

N.A.D.A. Value**

**N.A.D.A. Vehicle Description: 2016 HYUND Sonata Sedan 4D SE I4

N.A.D.A. values are as of October, 2020 from the Eastern Edition.

Base Value	\$12,800
Mechanical	
Engine	\$0
Transmission	\$0
Equipment	
Equipment Subtotal	\$0
Mileage: 221,647 Mi	\$ -4,260
Adjusted Total	\$8,540

These current N.A.D.A. values are furnished under license from NADASC. All values Copyright © NADASC 2020.

The values in the N.A.D.A. guide assume a vehicle in clean condition. Appropriate deductions should be made to put a vehicle in salable condition.

Special Note on Older Vehicles: N.A.D.A.'s editors believe that most optional equipment has little or no value on older vehicles. This is especially true of options that cost relatively little to begin with and which deteriorate with age or use.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**
- o **Adjustments of Special Note**
 - The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
 - An odometer adjustment of 4.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
 - Typical miles for this 2016 Hyundai Sonata in Pennsylvania is 61,614.
 - No special adjustments were made for this vehicle.
 - All values are in U.S. dollars.
- o **Autosource Valuation Process**
 - Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
 - The originating search area for this valuation was Scranton, Pennsylvania.
 - The market area expansion was authorized by Autosource Guidelines.
- o **Other Adjustments or Comments**
 - The tax was calculated based on a date of loss of 10/10/2020 using zip 18504-1543, in Scranton, County, Pennsylvania. The city may vary from search area to reflect correct tax location.

Area	Taxed	Rate	Total	Tax % of Market Value
Pennsylvania	\$8,310	6.0000%	\$498.60	6.0000%
		Total Tax:	\$498.60	6.0000%

Market Overview**? What is my Vehicle Market Value based on?**

18504-1543, Scranton Pennsylvania--Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 4.50 cents per mile specific to the 2016 Hyundai Sonata SE 4D Sedan in the state of Pennsylvania. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 5 recall bulletins that may apply to this vehicle.

NHTSA ID Number 15V678000

Date Issued 10/20/15

Quantity Affected 64,744

Defect Hyundai Motor America (Hyundai) is recalling certain model year 2015-2016 Sonata vehicles manufactured May 28, 2014, to August 21, 2015. The affected vehicles are equipped with an Antilock Braking System (ABS) warning light intended to warn the driver if there is an ABS malfunction. In the event of an ABS malfunction, the Brake System warning light will illuminate, but the ABS warning light will not illuminate. Since the vehicles have ABS malfunction lights that do not illuminate, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 135, "Light Vehicle Brake Systems."

If the driver is alerted there is a brake system malfunction, but not specifically with the ABS system, the driver may operate the vehicle unaware that the vehicle's brakes may lock up during hard braking, increasing the risk of a crash.

Remedy Hyundai will notify owners, and dealers will update the ABS control unit software, free of charge. The recall is expected began on November 30, 2015. Owners may contact Hyundai customer service at 1-855-671-3059. Hyundai's number for this recall is 134.

NHTSA ID Number 16V232000

Date Issued 04/21/16

Quantity Affected 33

Defect Hyundai Motor Company (Hyundai) is recalling certain model year 2015-2016 Sonata vehicles manufactured May 29, 2014 to February 11, 2016, 2017 Elantra vehicles manufactured January 12, 2016 to February 22, 2016, and one 2016 Sonata Hybrid vehicle manufactured October 15, 2015. In these vehicles, the driver's frontal air bag may be missing a chemical enhancer required for the second stage air bag deployment, resulting in the second stage not deploying in certain crashes. The primary stage will deploy as intended.

An air bag that does not inflate increases the risk of injury.

Remedy Hyundai will notify owners, and dealers will replace the driver's frontal air bag module, free of charge. The recall began on May 5, 2016. Owners may contact Hyundai customer service at 1-855-371-9460. Hyundai's number for this recall is 144.

NHTSA ID Number 16V615000

Date Issued 08/24/16

Quantity Affected 602

Defect Hyundai Motor Company (Hyundai) is recalling certain model year 2016 Sonata vehicles manufactured March 28, 2016 through April 12, 2016. The affected vehicles have a driver-side frontal air bag that may not adequately protect the driver's neck from injury in the event of a crash. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 208, "Occupant Crash Protection."

A frontal air bag that does not adequately protect the driver's neck may increase their risk of injury in the event of a crash.

Remedy Hyundai will notify owners, and dealers will replace the driver's frontal air bag module, free of charge. The recall began October 14, 2016. Owners may contact Hyundai customer service at 1-800-633-5151. Hyundai's number for this recall is 148.

NHTSA ID Number 16V726000

Date Issued 10/11/16

Quantity Affected 62,811

Defect Hyundai Motor America (Hyundai) is recalling certain model year 2015-2016 Sonata Hybrid vehicles manufactured December 8, 2014, to August 18, 2015, and Hyundai Sonata vehicles manufactured May 28, 2014, to March 18, 2016, equipped with the panoramic sunroof option. Due to a bonding issue with the sunroof wind deflector, the sunroof panel on the affected vehicles may detach while driving.

If the sunroof detaches from the vehicle it could become a road hazard, increasing the risk of a crash.

Remedy Hyundai will notify owners, and dealers will repair the wind deflector anchor plate, free of charge. The recall began December 2016. Owners may contact Hyundai customer service at 1-800-633-5151. Hyundai's number for this recall is 152.

NHTSA ID Number 17V359000

Date Issued 06/05/17

Quantity Affected 161,074

Defect Hyundai Motor America (Hyundai) is recalling certain 2015-2016 Sonata and Genesis vehicles. In the affected vehicles, the warning light to indicate that the parking brake is applied may intermittently not illuminate in the dash due to corrosion in the switch.

Remedy Hyundai will notify owners, and dealers will replace the parking brake switch, free of charge. The recall is expected to begin on June 30, 2017. Owners may contact Hyundai customer service at 1-855-671-3059. Hyundai's number for this recall is 164.

This valuation was processed using our Multiple Comparable valuation methodology.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**
- o **Adjustments of Special Note**
 - The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
 - An odometer adjustment of 1.25 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
 - Typical miles for this 2008 Ford Focus in South Carolina is 142,910.
 - No special adjustments were made for this vehicle.
 - All values are in U.S. dollars.
- o **Autosource Valuation Process**
 - Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
 - The originating search area for this valuation was Murrells Inlet, South Carolina.
 -
- o **Other Adjustments or Comments**
 - This valuation does not include condition adjustments as the loss vehicle was reported in typical condition
 - The market area identified has multiple tax jurisdictions. Autosource was unable to identify which county or city was applicable to the total loss vehicle. However, each of the counties have the identical tax amount, therefore, the valuation was completed using this identical amount.

Area	Taxed	Rate	Total	Tax % of Market Value
South Carolina	\$4,850	5.0000%	\$242.50	5.0000%
		Total Tax:	\$242.50	5.0000%

Market Overview**? What is my Vehicle Market Value based on?**

29576, Murrells Inlet South Carolina--Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

- o **Odometer**

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 1.25 cents per mile specific to the 2008 Ford Focus SE 4D Sedan in the state of South Carolina. Odometer adjustments are capped at 40% of the vehicle's starting value.

- o **Equipment**

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

- o **Condition**

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

1 2008 Ford Focus SE 4D Sedan	1FAHP35N08W297712	\$4,118

Valuation Notes

- o Loss vehicle description was provided by State Farm Insurance
- o Adjustments of Special Note

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.

- The following equipment: 17 Inch Alloy Wheels, does not have a manufacture cost associated with it; the adjustment was determined by using the average cost by vehicle year and category.
- An odometer adjustment of 3.50 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2015 Chevrolet Malibu in Tennessee is 85,348.
- All values are in U.S. dollars.

o Autosource Valuation Process

- Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Memphis, Tennessee.

o Other Adjustments or Comments

- A/M tint on glass
- The tax was calculated based on a date of loss of 11/27/2020 using zip 38114-4933, in Memphis, Shelby County, Tennessee. The city may vary from search area to reflect correct tax location.

Area	Taxed	Rate	Total	Tax % of Market Value
Tennessee	\$13,447	7.0000%	\$941.29	7.0000%
Tennessee	\$1,600	2.7500%	\$44.00	0.3272%

Market Overview

? What is my Vehicle Market Value based on?

38114-4933, Memphis Tennessee--Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 3.50 cents per mile specific to the 2015 Chevrolet Malibu 1LT 4D Sedan in the state of Tennessee. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Date Issued 03/23/15

Quantity Affected 87,063

Defect General Motors LLC (GM) is recalling certain model year 2013-2015 Chevrolet Malibu vehicles October 24, 2011, to March 5, 2015. In the affected vehicles, the Slide or Tilt switch for the roof panel may not be adequately recessed to prevent the switch from inadvertently being pressed. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 118, "Power-Operated Window, Partition, and Roof Panel Systems."

The Slide or Tilt roof panel switch may inadvertently be pressed and the roof panel may auto-close unexpectedly, increasing the risk of a pinch injury.

Remedy GM will notify owners, and dealers will update the Body Control Module (BCM) software to remove auto-close feature for certain switch positions, free of charge. The recall began April 21, 2015. Owners may contact Chevrolet customer service at 1-800-222-1020. GM's number for this recall is 15176.

NHTSA ID Number 15V666000

Date Issued 10/16/15

Quantity Affected 395

Defect General Motors LLC (GM) is recalling certain model year 2015 Buick LaCrosse, Cadillac XTS, Chevrolet Camaro, Equinox, Malibu, and GMC Terrain vehicles. The affected vehicles have front seat-mounted side impact air bags whose inflator may rupture upon its deployment.

In the event of a crash necessitating deployment of one or both of the side impact air bags, the air bag's inflator may rupture and the air bag may not properly inflate. The rupture could cause metal fragments to strike the vehicle occupants, potentially resulting in serious injury or death. Additionally, if the air bag does not properly inflate, the driver or passenger is at an increased risk of injury.

Remedy GM will notify owners, and dealers will replace the side impact air bag modules, free of charge. The recall began on October 19, 2015. Owners may contact Buick customer service at 1-800-521-7300, Chevrolet customer service at 1-800-222-1020, Cadillac customer service at 1-800-458-8006, or GMC customer service at 1-800-462-8782. GM's number for this recall is 01320.

NHTSA ID Number 16V502000

Date Issued 07/05/16

Quantity Affected 8,367

Defect General Motors LLC (GM) is recalling certain model year 2016-2017 Buick Verano and 2016 Chevrolet Malibu as the electronic park lock lever may allow the ignition key to be removed without the transmission being in PARK. Also, certain 2013 Buick Encore, 2011 Buick Regal, 2013-2014 Buick Verano, 2011-2016 Chevrolet Cruze, 2010-2013 Chevrolet Equinox 2013-2015 Chevrolet Malibu, and 2011-2013 GMC Terrain vehicles may have been serviced with similar defective replacement electronic park lock levers. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 114, "Theft Protection and Rollaway Prevention."

If the key is removed without the transmission in PARK, the vehicle may rollaway as occupants are exiting, increasing the risk of injury.

Remedy GM will notify owners, and dealers will inspect and if necessary replace the key cylinder lock housing, free of charge. The recall began on October 14, 2016. Owners may contact Chevrolet customer service at 1-800-222-1020, Buick 1-800-521-7300, and GMC 1-800-462-8782. GM's number for this recall is 50490 and 50491.

Valuation Notes

- o **Loss vehicle description was provided by State Farm Insurance**

- o **Adjustments of Special Note**

- The requested Exception valuation has been processed using one or more Comparables in order to meet state regulatory requirements.
- An odometer adjustment of 1.75 cents per mile/kilometer has been applied. This adjustment is based on the vehicle year, vehicle category and market area. Odometer adjustments are capped at 40% of the vehicle's starting value.
- Typical miles for this 2009 Mazda Mazda3 in Texas is 135,504.
- No special adjustments were made for this vehicle.
- All values are in U.S. dollars.

- o **Autosource Valuation Process**

- Over 8,000,000 vehicles are entered weekly into the database used for researching this value. This database includes dealer inspected, dealer inventory, dealer advertised, phone verified and advertised private party vehicles.
- The originating search area for this valuation was Temple, Texas.
- The market area expansion was authorized by Autosource Guidelines.
-

- o **Other Adjustments or Comments**

- Claims to please verify vehicle options & conditions. Thank you
- This valuation does not include condition adjustments as the loss vehicle was reported in typical condition

- The tax was calculated based on a date of loss of 09/08/2020 using zip 76501-2531, in Temple, Bell County, Texas. The city may vary from search area to reflect correct tax location.

Market Overview

? What is my Vehicle Market Value based on?

76501-2531, Temple Texas --Research for your vehicle was based on market analysis originating from your zip/postal code.

Fair and accurate market valuations must balance geographic location with comparability of one vehicle to others. Having the largest and most current database of vehicles for sale provides a comprehensive view of your vehicle's market. In addition to the vehicle inventories received directly from dealerships, Autosource finds comparable vehicle information for vehicles in the same places most buyers look for them--local and national internet websites, vehicle guides, publications and partnerships representing more than 10,000 independent vehicle sources.

? How did Autosource make adjustments for my vehicle?

The main factors that affect the retail selling price and marketability of a vehicle are **odometer, equipment and condition**. Therefore, Autosource valuations include adjustments that fairly consider the differences between your vehicle and the typical vehicle found in the market.

o Odometer

- Adjustments are made to account for the odometer differences between the loss vehicle and comparable(s).
- The odometer adjustment is based on 1.75 cents per mile specific to the 2009 Mazda Mazda3 i Touring 4D Sedan in the state of Texas. Odometer adjustments are capped at 40% of the vehicle's starting value.

o Equipment

- Adjustments are made to account for the differences in equipment between the loss vehicle and comparable(s).
- Equipment adjustments are based on the manufacturer's retail price, adjusted for depreciation

o Condition

- Typical condition is based on hundreds of inspected vehicles
- Condition adjustments are based on a percentage of the vehicle's value

Comparable Vehicle Details

The following information provides the details for the vehicles used to calculate the Autosource Value. The selling price may be substantially less than the asking price. Where indicated, the asking price has been adjusted to account for typical negotiation according to each comparables price.

Recall Bulletins

Nat'l. Highway Traffic Safety Admin (US) has issued a total of 3 recall bulletins that may apply to this vehicle.

NHTSA ID Number 09V187000

Date Issued 05/29/09

Quantity Affected 7,100

Defect Mazda is recalling 7,100 my 2009 mazda3 vehicles equipped with dynamic stability control for failing to comply with the requirements of Federal Motor Vehicle Safety Standard No. 126, "electronic stability control system". The yaw rate measured after completion of the sine with dwell steering input exceeded the test standards.

Improper operation of the electronic stability control.

Remedy Dealers will inspect and have the unit replaced free of charge. The recall began on July 14, 2009. Owners may contact Mazda at 1-800-222-5500.

NHTSA ID Number 10V374000

Date Issued 08/12/10

Quantity Affected 215,000

Defect Mazda is recalling certain model year 2007-2009 mazda3 and mazda5 vehicles manufactured from April 2, 2007 through November 30, 2008. These vehicles may have a condition in which a sudden loss of power steering assist could occur at any time while driving the vehicle.

	Power steering assist is suddenly lost reducing the driver's ability to steer the vehicle as typically expected, and increasing the risk of a crash.
Remedy	Mazda will notify owners, and dealers will replace the power steering pump and lines free of charge. The safety recall began on September 15, 2010. Owners may contact Mazda customer assistance center at 1-800-222-5500.
NHTSA ID Number	11V329000
Date Issued	06/15/11
Quantity Affected	103,300
Defect	Mazda is recalling certain model year 2008-2009 mazda3 and mazdaspeed3 vehicles manufactured from January 7, 2008, through November 28, 2008. The ground terminal of the windshield wiper motor may have been inadvertently bent during assembly. If this condition exists then over time the electrical resistance of the motor circuit may increase up to a point that the windshield wipers would not work. The loss of wiper function in adverse weather could potentially increase the risk of a crash.
Remedy	Dealers will install an additional ground harness on the wiper motor free of charge. The safety recall is expected to begin on or before July 15, 2011. Owners may contact Mazda customer assistance center at 1-800-222-5500.
